COMMUNITY DEVELOPMENT

To: Mayor and City Council
From: Charlie E. Dissell, Community and Economic Development Director
CC: Ryan Waller, City Manager
Date: July 15, 2020
Re: Resolution setting Public Hearing for August 17th for various amendments,
including zoning regulation amendments to Chapter 165, regarding fees.

At its meeting on July 20th meeting, the City Council will be asked to set a public hearing for a zoning regulation amendment to Chapter 165, regarding various fees. As the Council may recall, at its March 25th meeting, various fees related to applications reviewed by the Community Development Department were amended. This proposed amendment would remove any of those fees from the Code of Ordinances and adds language that notes that fees are determined by the most recently adopted fee schedule by the City Council.

At its meeting on July 14th, the Planning and Zoning Commission reviewed this item and, on an 8-0 vote, recommended amendments to Council related to this request. If the public hearing is set by Council, staff will present all application materials and recommendations at that meeting. I will attend the July 20th Council meeting if you have any questions.

**NOTICE OF PUBLIC HEARING TO CONSIDER VARIOUS AMENDMENTS,
INCLUDING ZONING REGULATION AMENDMENTS TO CHAPTER 165,
REGARDING FEES**

Notice is Hereby Given that at 6:00 P.M., at the Council Chambers, City Hall, 110 N. 1st Street, Indianola, IA 50125 on August 17th, 2020, the City Council of the City of Indianola, Iowa will hold a public hearing to consider a zoning regulation amendment to Chapter 165, regarding various fees.

A copy of the proposed ordinance is on file for public inspection in the office of the City Clerk.

At said hearing any interested person may file written objections or present oral comments with respect to the subject matter of the hearing.

Due to the COVID-19 Pandemic, the City of Indianola is currently hosting its meetings virtually at https://www.youtube.com/channel/UCCwqdy2irWQILB_1QzcVrdw for those who do not wish to attend in person.

Re: Resolution setting Public Hearing for August 17th, 2020 for a zoning regulation amendment to Chapter 165, regarding preschools and childcare centers.

At its meeting on July 20th, the City Council will be asked to set a public hearing for a zoning regulation amendment to Chapter 165, regarding preschools and childcare centers. At its June 1st meeting, the Indianola City Council directed staff and the Planning and Zoning Commission to explore the possibility of amending the zoning regulations regarding preschools. This request was made to Council by Cheryl Geurts of Indianola Preschool, Inc.

At its meeting on July 14th, the Planning and Zoning Commission reviewed this item and, on a 6-0 vote, recommended amendments to Council related to this request. If the public hearing is set by Council, staff will present all application materials and recommendations at that meeting. I will attend the July 20th Council meeting if you have any questions.

NOTICE OF PUBLIC HEARING TO CONSIDER A ZONING REGULATION AMENDMENT TO CHAPTER 165, REGARDING PRESCHOOLS AND CHILDCARE CENTERS.

Notice is Hereby Given that at 6:00 P.M., at the Council Chambers, City Hall, 110 N. 1st Street, Indianola, IA 50125 on August 17th, 2020, the City Council of the City of Indianola, Iowa will hold a public hearing to consider a zoning regulation amendment to Chapter 165, regarding preschools and childcare centers.

A copy of the proposed ordinance is on file for public inspection in the office of the City Clerk.

At said hearing any interested person may file written objections or present oral comments with respect to the subject matter of the hearing.

Due to the COVID-19 Pandemic, the City of Indianola is currently hosting its meetings virtually at https://www.youtube.com/channel/UCCwqdy2irWQILB_1QzcVrdw for those who do not wish to attend in person.

1. Describe the request & event. The Log Cabin Festival parade will be held Saturday Sept. 24 at 11:00 AM. Lineup will start around 9:30. The floats will be lining up on the north side of the Warren County Administration Building on Clinton. The bands will line up on Boston as well as on Howard in front of the Administration Building. The horses will line up at the old Masonic Building on the East side of Howard. The parade will proceed down Howard along the North, East, & South sides of the square, proceeding west on Salem thru the Warren County Fair Grounds. We are requesting the streets abutting these streets be closed during the parade as has been in the past. We should be over by noon or shortly after, depending on the number of participants. You never know from one year to another. Weather makes a big difference.
2. We would appreciate if we could have some barricades at M Street on the west side of Whittier school as we have trouble getting the floats to come into the fairgrounds. The square is our real concern.
3. We are hoping to have the City Police as well as the Warren county Sheriff Office, and Highway Patrol being in the parade along with several of the Fire Departments. We will have individuals walking in the parade with cell phones also.
4. Our emergency/medical plan is to have individuals walking with cell phones, as well as the City Police, County Sheriff, and Fire Departments.
5. We hope to have individuals driving along after the parade with a shovel and garbage can to clean up after the horses. I believe this should be the only clean up there will be for the parade. We do have a clean up committee to pick up at the Fairgrounds.

Please feel free to call me if there are any further questions to be answered at 961-2600 or cell phone number 249-0435.

General Event Information

- Applications are reviewed by the City Manager, Street, Human Resources/Risk Manager, Fire and Police Departments.
- All applications will be approved or denied by the Indianola City Council.
- Applications need to be received no later than **60 days prior to your event**. If received less than 60 days prior to the event, staff will deny the application. It may be appealed to the City Council with a \$50 late fee.
- All applications will need to complete a map showing street/lane closures, location of barriers/barricades, stages, platforms, parking, etc. If the event involves a moving route, indicate direction of travel
- The Sheriff's Department shall have complete and unobstructed access to the west side of the Warren County Courthouse.
- If the Square is blocked-off, west bound traffic on Ashland should be able to turn north on Howard: south bound traffic on Buxton should be able to turn west on Ashland, east bound traffic on Salem should be able to turn south on Buxton and north bound traffic on Howard should be able to turn east on Salem.
- If the Square and one block in each direction are blocked-off, be sure plans include barricades one block west and east of the square on Ashland and Salem, one block north and south of the square on Howard and Buxton.
- Vendors are expected to park vehicles off of the square once their booths/trailers have been set up – applicants will need to complete a map (B) showing parking of vehicles
- Always be sensitive to neighbors and area businesses when interrupting normal traffic flow and using amplified music.
- You will receive communication after the request has been to council unless there are questions regarding your application.
- An insurance certificate showing the City as an additional insured in the amount of \$1,000,000 or more will be required.

Narrative:

Please describe your request and event: Event is Log Cabin Festival with parade on 9/28/12. We would like to have the streets blocked off as follows: Clinton W of Adm Bldg., Boston-Buxton, intersections at NW, NE, SW, SE corners of square, then busy intersections along Salem, & especially M where we turn into the fairgrounds. What you have done in the past is great, you really know more what I need than I do.

Please describe what streets you are planning to close:

This is an election year with several politicians being in the parade, it really is difficult to know long the square will be closed. You have done a very good job in the past.

Please describe your safety plan including crowd control. Attach additional sheets if necessary. The Indianola Police and Fire Departments will review your safety plans to determine if safety is adequate. In reviewing the application, they will be looking at anticipated crowd size, demographics, entertainment, and alcohol, prior history with this event or similar events and other criteria.

We are hoping to have the Warren County Sheriff, Indianola City Police, State Highway Patrol, and various fire departments in the parade, this is a great safety factor. Most of the persons in the parade, have cell phones also.

Please describe your emergency/medical plan, including your communication procedures. Attach additional sheets if necessary.

As stated above most of the parade participants will have cell phones as well as the law enforcement

Please describe your plan for cleanup and removal of recyclable goods and garbage during and after your event.

We hope to have a clean up crew after the parade

Thank you for your interest in holding a neighborhood or community event!

Crow's Nest RV Park
Resolution Approving Request

COMMUNITY DEVELOPMENT

To: Mayor and City Council
From: Charlie E. Dissell, Community and Economic Development Director
CC: Ryan Waller, City Manager
Date: July 15, 2020
Re: Resolution approving a request for an alternative method of approval for a site plan for Crow's Nest RV Park, located at for 100 and 300 West 17th Avenue

At its July 20th meeting, the City Council will be asked to approve a request from Edward Arp of Civil Engineering Consultants, Inc., on behalf of Lyelca of Warren Co. for an alternative method of approval for a site plan for Crow's Nest RV Park, located at for 100 and 300 West 17th Avenue. Crow's Nest RV Park proposes a tourist/trailer campground for travel trailers, camping trailers, cabins and tents. The current site plan shows a total of 148 RV spots, and nine (9) cabins that will be available to the general public. The current site plan proposes to establish gravel drives and RV parking spots throughout the campground. There is proposed to be a 50' paved approach from the north edge of West 17th Avenue to help control debris from entering West 17th Avenue from this site.

Section 166.04(2)(F) requires that parking lots and accesses shall be hard surfaced. This is required to help with general aesthetics of the City, to control runoff of gravel into the City storm sewers and create uniformity of parking surfaces throughout the City. However, as West 17th Avenue is gravel, does not contain any storm sewers and as this portion of the City is more rural than urban, the applicant is proposing to use a gravel surface rather than a hard surface.

On July 14, 2020, the Planning and Zoning Commission reviewed the request and, on an 8-0 vote, recommend the alternative method of approval for a site plan be approved, with the condition that a form of mutual agreement be reached relating to future pavement of the site. If the Council concurs with this condition, staff will work with the applicant on the form of agreement prior to final approval of the full site plan.

I will attend your July 20th meeting to answer any questions you may have.

Application Summary: Request for alternative method of approval for a site plan for Crow's Nest RV Park, requesting that drives within the RV park be gravel instead of paved.

AERIAL MAP

APPLICABLE CODE SECTIONS

The following sections of the Code of Ordinances of Indianola, Iowa apply to this request:

166.06 ALTERNATE METHOD FOR APPROVAL OF SITE PLAN.

1. If the Director of Community Development does not approve the site plan as presented and the applicant is unable or unwilling to meet the above criteria and specific design standards or provide the information as required, the applicant shall have the option of submitting the site plan to the Planning and Zoning Commission and Council for their review, in accordance with the following provisions: Applicant shall cause to be prepared a site plan for such development and submit a reproducible medium and three copies to the Community Development Department. The site plan shall be accompanied by a cover letter requesting review and approval of said plan and by a receipt from the Clerk's office as proof of payment of the application fee which is as follows:

Site plan review — one acre or less \$ 50.00

Site plan review — more than one acre \$ 100.00

The site plan shall contain all of the information required by Sections 166.03 and 166.04 of this chapter and, in addition, shall contain the following supplemental information:

- A. Existing and proposed contours at an interval not to exceed two feet, provided that at least two contours shall be shown.
- B. Location, shape, exterior dimensions and number of stories of each existing building to be retained and of each proposed building.
- C. A vicinity map at a scale of one inch equals 400 feet or larger, showing the general location of the property.
- D. Soil tests and similar information, if deemed necessary by the Director of Community Development to determine the feasibility of the proposed development in relation to the design standards set forth in this chapter.

E. In case of any conflicting requirements between this chapter and any existing ordinance of the City, the more restrictive requirement shall be met.

EXCEPTION: C-1, C-4, R-5 and R-6 zoning restrictions shall apply.

2. When improvements are made to existing structures that fall under the scope of Section 166.02 requiring the entire property to meet the applicable design standards of the site plan, the Planning and Zoning Commission and City Council may consider the following list of factors prior to approval:
 - A. The use of the land and building;
 - B. Building setback;
 - C. Lot area;
 - D. Cost of compliance; and
 - E. Existing development in the surrounding area

166.04 SPECIFIC DESIGN STANDARDS REQUIRED.

On approval by the Director of Community Development, building permits may be issued, as long as all other requirements of the City, State and County are met, and construction may commence. In order for the Director of Community Development to approve a site plan application, the following specific design standards must be met:

6. Parking lots and access shall be hard-surfaced, limited to a maximum slope of six percent in a direction perpendicular to the car. Driveways shall not exceed a 10 percent slope. Where Portland cement concrete pavement is used, the pavement shall comply with the materials and be constructed in such a manner as to provide an equivalent finished product as specified in the most current Standard Specifications for Highway and Bridge Construction, Iowa Department of Transportation, utilizing a "Class C Concrete" mix Class 2 or 3 durability coarse aggregate. Where asphaltic cement concrete pavement is used, the pavement shall comply with the materials and be constructed in such a manner as to provide an equivalent finished product as specified in the Standard Specifications for Highway and Bridge Construction, Iowa Department of Transportation. The pavement shall utilize nonrecycled virgin material which shall include Type B base and Type A surface courses and which shall comply with the most current Iowa Department of Transportation job-mix formula. Where asphaltic cement concrete is placed on a crushed stone base, the base shall comply with an approved Iowa Department of Transportation Class A or B crushed stone base material and gradation. All hard-surfacing shall be constructed on a prepared uniform subgrade compacted to 95 percent of maximum density (Standard Proctor Density). The parking lot and driveway design shall meet or exceed the following minimum paving thickness requirements:

Parking Lot	Full Depth Asphaltic Cement Concrete	Asphaltic Cement Concrete Over Crushed Stone Base				
		Type A Surface	Crushed Stone	Type B Base	Type A Surface	Portland Cement Concrete
Parking Lots 50 Stalls or Less	3 inches	2 inches	6 inches	0 inches	3 inches	4 inches
Parking Lots More than 50 Stalls Except Loading Dock or Drive Areas with Bus or Truck Traffic	3 inches	3 inches	6 inches	0 inches	4 inches	5 inches
Loading Dock Area	NOT ACCEPTABLE	NOT ACCEPTABLE	7 inches			
Driveway Areas with Bus or Truck Traffic	6 inches	2 ½ inches	6 inches	3 inches	3 inches	6 inches

ANALYSIS

Crow's Nest RV Park proposes a tourist/trailer campground for travel trailers, camping trailers, cabins and tents. A site plan for this RV park was submitted to the City on May 18, 2020. The current site plan shows a total of 148 RV spots, and nine (9) cabins that will be available to the general public. The current site plan proposes to establish gravel drives and RV parking spots throughout the campground. There is proposed to be a 50' paved approach from the north edge of West 17th Avenue to help control debris from entering West 17th Avenue from this site.

Section 166.04 (6) requires that parking lots and access shall be hard surfaced. This is required to help with general aesthetics of the City, to control runoff of gravel into the City storm sewers and create uniformity of parking surfaces throughout the City. However, as West 17th Avenue is gravel, does not contain any storm sewers and as this portion of the City is more rural than urban, the applicant is proposing to use a gravel surface rather than a hard surface.

ALTERNATIVES

The City of Indianola Planning and Zoning Commission may consider the following alternatives:

- 1) The City of Indianola Planning and Zoning Commission recommends the alternative method of approval for a site plan be approved, as submitted.
- 2) The City of Indianola Planning and Zoning Commission recommends the alternative method of approval for a site plan be approved, with conditions.
- 3) The City of Indianola Planning and Zoning Commission recommends the alternative method of approval for a site plan be approved be denied.
- 4) The City of Indianola Planning and Zoning Commission remands the alternative method of approval for a site plan be approved, back to the applicant and/or staff for further review and/or modifications and directs staff to place this item on a future Planning and Zoning agenda.

RECOMMENDATION

Staff recommends that the City of Indianola Planning and Zoning Commission move alternative 1, approving the alternative method of approval for a site plan, as submitted.

RE: PAVING WAIVER REQUEST – CROW’S NEST R.V. PARK

Dear Charlie:

On behalf of Stacie Crow with LYELCA of Warren County; with this letter we are requesting a waiver of the paving requirement for drives at the Crow’s Nest RV Park. We plan on establishing gravel drives initially with dust control that can act as subbase for future paving. Once 17th Street is paved we would consider paving sections starting at the front of the project and working to the back over a period of time.

At this time, we ask for a Waiver by P&Z and City Council. Please let us know if you have any questions or comments.

- CITY REPRESENTATIVE SHALL BE ONSITE WHEN MANDREL AND AIR TESTING IS PERFORMED.
- ALL MANHOLES SHALL CONTAIN CONCRETE ADMIXTURE CON (MIC) SHIELD ANTI BACTERIAL ADMIXTURE AS MANUFACTURED BY CONSHIELD TECHNOLOGIES, INC., OR APPROVED EQUAL.

STORM NOTES

- PROVIDE APRON GUARDS & CONCRETE FOOTINGS ON ALL FLARED END SECTIONS. CONTRACTOR SHALL TIE LAST THREE PIPE JOINTS AT FLARED END SECTION.

WATER NOTES

- PIPE MATERIALS: ANWA C900 DR - 18 PVC INSTALL NO. 10 THIN STANDARD COPPER TRACER WIRE TO SURFACE AT FIRE HYDRANTS.
- CONTRACTOR SHALL PROTECT AND BACKFILL AROUND ALL UTILITIES AND STRUCTURES. BACKFILL SHALL BE IN 6-INCH LAYERS AND COMPACTED TO 95% STANDARD PROCTOR DENSITY, & 0% TO +4% OPTIMUM MOISTURE CONTENT.
- HYDRANTS, MANHOLE COVERS AND VALVE BOXES SHALL BE SET TO CONFORM TO FINISHED SURFACE ELEVATIONS.
- OFFICE SERVICE TO BE 1-INCH COPPER, STOP BOXES TO BE FORD BALL VALVE TYPE CURB STOPS.
- CONTRACTOR SHALL BE RESPONSIBLE FOR RECORDING AS-BUILT LOCATION OF ALL WATER SERVICES AND PROVIDING INFORMATION TO ENGINEER. WATER SERVICES FOR BUNKHOUSES AND SERVICE BUILDINGS REQUIRE A STEEL POST PAINTED BLUE AT END OF SERVICE LINE.
- HYDRANTS SHALL BE SET NOT MORE THAN 4 FEET FROM CENTER OF WATER MAIN.
- AN APPROVED SADDLE SHALL BE USED FOR ALL WATER SERVICE TAPS.
- VALVES SHALL BE GLOW RIN GATE.
- HYDRANTS SHALL BE GLOW MEDALLION. ALL HYDRANTS SHALL BE COLOR, SAFETY YELLOW.
- CURB STOPS SHALL BE LOCATED NO FURTHER THAN 10' INSIDE R.O.V. FROM PROPERTY LINE.
- ALL SERVICE LINES SHALL BE TESTED WITH WATER MAIN.
- WHERE SEWERS CROSS OVER OR LESS THAN 18-INCHES BELOW WATER MAIN:
 - FOR STORM SEWERS FLEXIBLE O-RING-GASKET JOINTS RATED AT 13 PSI OR GREATER SHALL BE UTILIZED UNTIL NORMAL DISTANCE FROM SEWER TO WATER MAIN IS 10' MIN.
 - ONE FULL LENGTH OF WATER MAIN SHALL BE LOCATED SO BOTH JOINTS ARE AS FAR AS POSSIBLE FROM SEWER.
 - SEWER MUST BE ADEQUATELY SUPPORTED.
 - LOW PERMEABLE SOIL SHALL BE USED FOR BACKFILL WITHIN 10' OF POINT OF CROSSING.
- ALL STORM SEWER CROSSINGS ABOVE WATER MAIN WILL REQUIRE O-RING JOINT PIPE FOR 20' CENTERED OVER WATER MAIN. SEWER CROSSINGS MAY ALSO FOLLOW IDNR WATER SUPPLY ENGINEERING SECTION ALTERNATIVE SOLUTIONS TO MEETING REQUIREMENTS FOUND IN SUBPARAGRAPH 561 IAC 49.3(2) "A" (3).

RESOLUTION NO. 2020-

RESOLUTION APPROVING A REQUEST FOR AN ALTERNATIVE METHOD OF APPROVAL FOR A SITE PLAN FOR CROW'S NEST RV PARK, LOCATED AT 100 AND 300 WEST 17TH AVENUE

WHEREAS, on May 18, 2020, Edward Arp of Civil Engineering Consultants, Inc., on behalf of Lyelca of Warren Co., submitted a site plan for a tourist or trailer campground for travel trailers, camping trailers and/or tents; and,

WHEREAS, said site plan proposes total of 148 RV spots, and nine (9) cabins that will be available to the general public, and proposes to establish gravel drives and RV parking spots throughout the campground; and,

WHEREAS, Section 166.04(2)(F) of the Code of Ordinances of Indianola, Iowa requires that parking lots and accesses shall be hard surfaced; and,

WHEREAS, Section 166.06 of the Code of Ordinances of Indianola, Iowa states that if the Director of Community Development does not approve the site plan as presented and the applicant is unable or unwilling to meet the criteria and specific design standards or provide the information as required, the applicant shall have the option of submitting the site plan to the Planning and Zoning Commission and Council for their review; and that parking lots and access shall be hard surfaced; and,

WHEREAS, on June 9, 2020, staff completed the first review of the site plan, noting that if gravel drives were to be used, the applicant would need to seek alternative site plan approval; and,

WHEREAS, on June 18, 2020, the applicant submitted a request for alternative site plan approval; and,

WHEREAS, on July 14, 2020, the Planning and Zoning Commission reviewed the request and, on a 8-0 vote, recommend the alternative method of approval for a site plan be approved, with the condition that a form of mutual agreement be reached relating to future pavement of the site; and,

WHEREAS, the City Council has reviewed the request and heard comments from the developer and the public.

NOW, THEREFORE, BE IT RESOLVED, the City Council of the City of Indianola, Iowa having considered the recommendations of the Planning and Zoning Commission, the requirements of the Municipal Code and the comments from the developer and the public,

deems it appropriate to approve the alternative method of approval for a site plan, with the condition that a form of mutual agreement be reached relating to future pavement of the site.

APPROVED this 20th day of July 2020.

Date: July 10, 2020
Re: Approval of a Waiver of Sidewalk Requirement and Installation Covenant for
Crow's Nest RV Park, located at for 100 and 300 West 17th Avenue

As the Council is aware, according to Section 136.06.1 of the Code of Ordinances of Indianola, Iowa, before any business, building or commercial building is occupied or put into its ultimate use, a permanent sidewalk shall be built in front of the building for the entire width of the lot. Furthermore, according to Section 136.06.4 of the Code of Ordinances of Indianola, Iowa, in the event that no grade has been set or there is no curb and gutter on the street upon which the sidewalk, is to be placed, the Council may waive the sidewalk requirement on application of the affected property owner and upon the affected property owner signing an agreement to install such a sidewalk within one hundred twenty (120) days after the property owner has been notified that a curb and gutter has been installed and/or that the grade has been set. The agreement shall be verified and placed on record in the office of the Warren County Recorder and shall be a covenant running with the land binding the heirs and assigns of the property owner.

Crows Nest RV Park submitted a proposed site plan to the City on May 18, 2020. The current site plan shows a total of 148 RV spots, and nine (9) cabins that will be available to the general public. During the initial review of the site plan, staff noted that a sidewalk waiver would be required prior to occupancy of the building. There is currently no curb and gutter for West 17th Avenue. As such, Crowns Nest RV Park is requesting a waiver from installing a sidewalk with the construction of their new church at this time.

I will attend your July 20th meeting to answer any questions you may have.

Re: Resolution approving a request for a Plat of Survey for Redeemer Lutheran Church located at 1410 West Boston Avenue.

At its July 20th meeting, the City Council will be asked to approve a request from Chad A. Daniels of Daniels Land Surveying for approval of a Plat of Survey. Redeemer Lutheran Church proposes to split off the single-family dwelling, previously used as a parsonage for the church, and sell it.

At its meeting on July 14th, the Planning and Zoning Commission reviewed this request and, on an 8-0 vote, recommended the request be approved. The report submitted to the Planning and Zoning Commission, as well as the proposed plat of survey, are attached to this memo.

I will attend the July 20th Council meeting if you have any questions.

Date of Meeting: July 14, 2020

Agenda Item: 7. B. Consider recommendation on request for approval of a Plat of Survey for Redeemer Lutheran Church located at 1410 West Boston Avenue

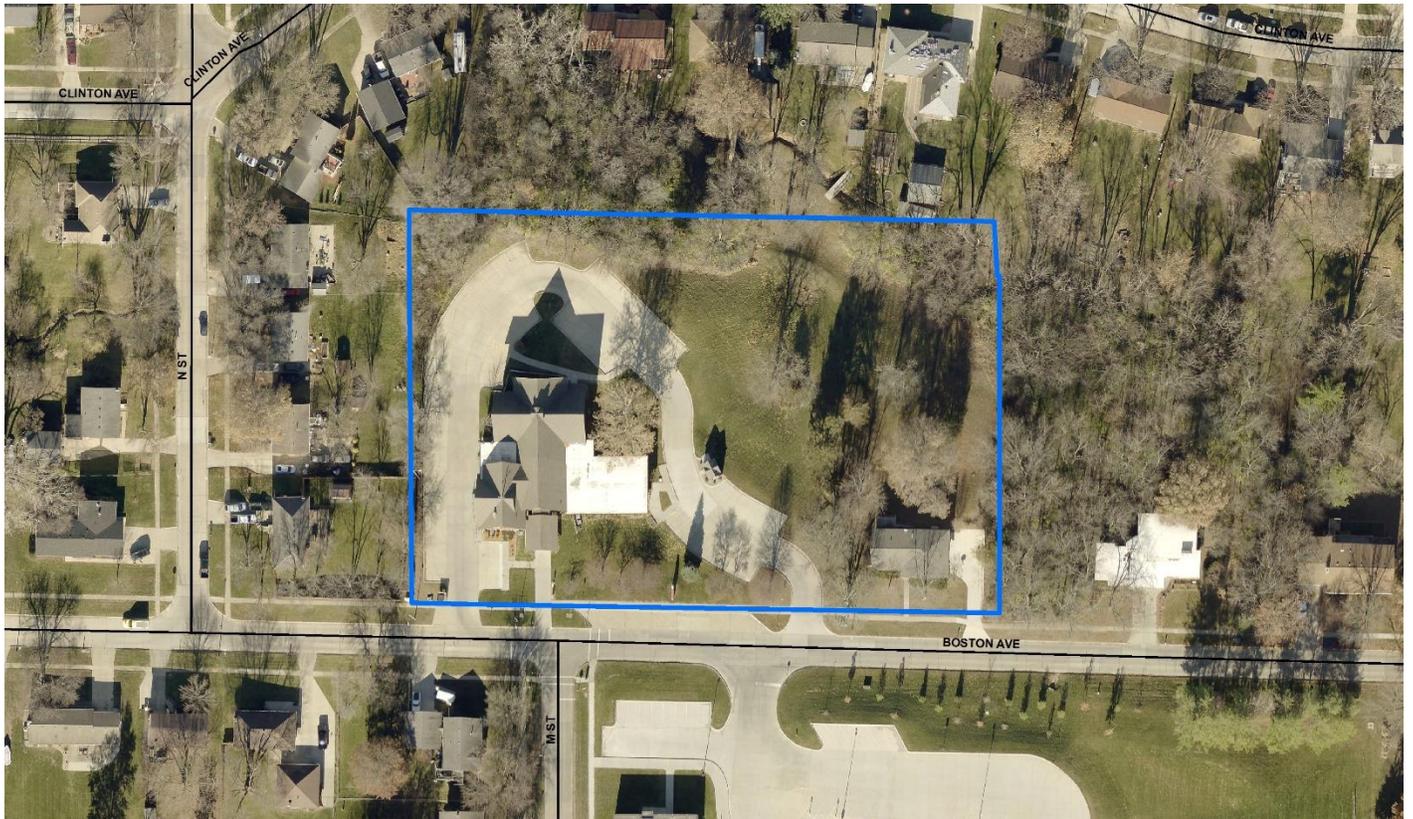

Application Type: Plat of Survey

Applicant: Chad A. Daniels of Daniels Land Surveying

Comprehensive Plan Designation: Public/Semi Public

Application Summary: Request for plat of survey approval for Redeemer Lutheran Church dividing the parsonage off from the church.

AERIAL MAP

APPLICABLE CODE SECTIONS

The following sections of the Code of Ordinances of Indianola, Iowa apply to this request:

170.02 JURISDICTION. All plats of survey, plats, replats or subdivisions of land into three (3) or more parts for the purpose of laying out a portion of the City of Indianola, an addition thereto or suburban lots within two (2) miles of the corporate limits of the City for other than agricultural purposes shall be submitted to the Council and the Commission in accordance with the provisions of this chapter and shall be subject to the requirements established herein. This chapter shall regulate the subdividing of land within the City and all land within an area extending two miles beyond the corporate limits in accordance with the provisions of Section 354.9, Code of Iowa.

170.13 DESIGN STANDARDS — LOTS.

1. All lots shall abut on a street or place. Corner lots which abut on a thoroughfare or collector street shall have a minimum radius of 25 feet at the intersection.
2. Sidelines of lots shall approximate right angles to straight street lines and radial angles to curbed street lines except where a variation will provide better lot layout.
3. Lots with double frontage shall be avoided, except in specific locations where good planning indicates their use. In that event a planting screen shall be provided along the rear of the lot.
4. Corner lots shall not be less than 80 feet in width and interior lots shall not be less than 70 feet in width at the building line.
5. Lot depth shall not exceed $2\frac{1}{2}$ times the width.
6. No lot shall have less area than required by the Zoning Ordinance for the district in which it is located.

170.38 ENFORCEMENT. In addition to other remedies and penalties prescribed by law, the provisions of this chapter shall not be violated subject to the following:

1. No plat of survey, plat or subdivision in the City or within two (2) miles thereof shall be recorded or filed with the County Auditor or County Recorder, nor shall any plat or subdivision have any validity until it complies with the provisions of this chapter and has been approved by the Council as prescribed herein.

ANALYSIS

Redeemer Lutheran Church currently owns a 3.12-acre parcel, which includes an approximately 10,000 square foot church, and 1,576 square foot single-family dwelling that was previously used as a parsonage for the church. Redeemer Lutheran Church proposes to split off the single-family dwelling and sell it. Although the comprehensive plan calls for this area as public/semi-public, it should be noted that the use is shown because of the Church owning the entire parcel. The surrounding used on the north, east and west sides are low-density residential, which the proposed parcel would comply with. As the proposed lot split proposes no new development, no public improvements are being made. Letters were mailed to property owners within 200 feet of this property on July 1, 2020.

ALTERNATIVES

The City of Indianola Planning and Zoning Commission may consider the following alternatives:

- 1) The City of Indianola Planning and Zoning Commission recommends the plat of survey request be approved, as submitted.
- 2) The City of Indianola Planning and Zoning Commission recommends the plat of survey request be approved, with conditions.
- 3) The City of Indianola Planning and Zoning Commission recommends the plat of survey request be denied.
- 4) The City of Indianola Planning and Zoning Commission remands the plat of survey request, back to the applicant and/or staff for further review and/or modifications and directs staff to place this item on a future Planning and Zoning agenda.

RECOMMENDATION

Staff recommends that the City of Indianola Planning and Zoning Commission move alternative 1, approving the plat of survey request, as submitted.

Re: Resolution Approving and Accepting Development Agreements and Easements
for the East Iowa Avenue Paving Project

As the City Council is aware, the City is in the process of finalizing the plans and specifications for the East Iowa Avenue Paving Project. Those, plus the form of contract and notice to bidders, is scheduled to be released in late summer of 2020, with a bid opening and potential award of contract in the fall of 2020.

As part of this project, the Council adopted a preliminary assessment schedule on March 2nd, 2020, that identified the possible use of special assessments on five properties. To date, the City has received four (4) signed development agreements as it relates to those special assessments. Three (3) of those development agreements were approved by the City Council on July 6th. Additionally, as part of this project, various easements for public utilities, storm sewer and overland flowage, and temporary construction are also needed. To date, the City has received eight (8) of those nine (9) necessary signed easements. Six (6) of those easements were approved by the City Council on July 6th. The other one (1) development agreement and two (2) easement documents are on the July 20th agenda for approval. Of note, one of the easements requires a payment from the City of \$269.65. The East Iowa Avenue Paving Project opinion of probable costs include an estimated cost of \$14,000 for right-of-way and easement acquisition.

Staff will continue to work with the property owners to secure the remaining development agreement and easement and will bring them forward to Council at a later date for approval. I will attend the July 20th Council meeting if you have any questions.

**DEVELOPMENT AGREEMENT BY AND BETWEEN
THE CITY OF INDIANOLA AND PAULETTE J GLASCOCK**

WHEREAS, the City of Indianola, Iowa (hereinafter the "City") and Paulette J Glascock (hereinafter "PROPERTY OWNER") have agreed that the paving and improvements along East Iowa Avenue from North 15th Street to the East City limits are mutually beneficial to the City and to PROPERTY OWNER; and

WHEREAS, the City finds that the City expenditure required for the proposed paving and infrastructure improvements provides a general benefit to the City and its citizens.

NOW, THEREFORE, in consideration of the mutual promises of the parties contained herein, PROPERTY OWNER and the City hereby agree as follows:

1. PROPERTY OWNER and City agree that East Iowa Avenue will be paved in accordance with the City standards, including infrastructure improvements. The City shall design and construct all paving and infrastructure improvements. Said paving and infrastructure improvements shall be in compliance with plans approved by the City Engineer of the City of Indianola and all applicable local, state and federal laws. The total paving and infrastructure improvements project is currently estimated at \$1,545,588.63 as shown on Exhibit "A".
2. PROPERTY OWNER agrees that the right of way for East Iowa Avenue is currently held by the City through a road easement. PROPERTY OWNER shall transfer the 0.36 acres of right of way by warranty within ten (10) days of a written request from the City. City shall prepare any Acquisition Plat necessary for the transfer of the existing right of way. In addition, PROPERTY OWNER shall grant temporary easements as necessary to accommodate the construction, location and maintenance of the paving and infrastructure improvements within ten (10) days of a written request from the City. City shall be responsible for preparing all easement documentation.
3. City agrees to remove all ash trees that are located within the right-of-way or temporary easement adjacent PROPERTY OWNER's property.
4. City agrees to bring a water service line from the newly installed water main across East Iowa Avenue and the roadside trail and terminating at or near the right-of-way line. PROPERTY OWNER agrees the responsibility of extending the water service past that point will be the responsibility of the PROPERTY OWNER.

5. City agrees to connect the existing sump pump discharge to the proposed subdrains in East Iowa Avenue.
6. City acknowledges that PROPERTY OWNER owns a large parcel that contains one single-family home. City and PROPERTY OWNER agree that the special benefit for PROPERTY OWNER applies most directly to any residential dwelling on the property. City and PROPERTY OWNER also agree that PROPERTY OWNER may take advantage of the improved street by subdividing the property. Therefore, the PROPERTY OWNER agrees to pay one-fourth ($\frac{1}{4}$) of the assessment upon the City's assessment for the project and in accordance with the payment schedule established by the City, being an amount equivalent to an assessment for a typical single-family dwelling, based on the size of a "typical" large single-family residential lot in the area. CITY and PROPERTY OWNER agree that the remaining three-fourths ($\frac{3}{4}$) of the assessment shall be deferred until such time as the property is subdivided whether by plat of survey, subdivision plat or other means required. Thereafter, PROPERTY OWNER shall pay the assessment to the City at the time of platting or building permit, whichever comes first.
7. In consideration of the execution of this Agreement and the construction of the paving and infrastructure improvements, PROPERTY OWNER hereby expressly waives each and every question of jurisdiction, benefit and need, the intention of the PROPERTY OWNER being to authorize and direct said City to construct the improvements for the benefit of the PROPERTY OWNER without requiring any of the formalities or legal proceedings required of cities by the statutes of Iowa.

It is further agreed that when said improvements have been constructed in accordance with the plans and specifications and if the City assesses the cost of the improvements by special assessment, that the City shall make assessments against the property proportionately, and that said assessments so made shall be a lien upon the PROPERTY OWNER'S property, and the PROPERTY OWNER hereby agrees to pay the amount that is assessed against said property, and said assessment shall have the same legal force and effect as if all the legal formalities provided by law in such cases had been fully and faithfully performed and observed, subject only to the rights of the PROPERTY OWNER reserved herein. The PROPERTY OWNER hereby expressly waives every objection to said final assessment, any limitation of the amount thereof as a percentage of valuation and any right to defer or postpone payment of the assessment. Said assessment shall be paid by the PROPERTY OWNER within the time provided by statute for the payment of such special assessments for such improvements. PROPERTY OWNER, if entitled to agricultural deferment under the Code of Iowa, hereby waives its right to such deferral.

PROPERTY OWNER hereby authorizes the City Council to pass any resolution requisite or necessary to order or secure said improvements, to provide for the construction of the same and to make the assessments herein provided for, subject only to the right of the PROPERTY OWNER reserved herein, and any such resolution may contain recitals that said improvements are ordered or made by the Council without petition of PROPERTY OWNER; without in any way qualifying this petition or releasing the PROPERTY OWNER from obligations to pay the assessments levied against its property for the cost of said improvements and to issue improvement bonds payable out of said assessment as herein provided.

PROPERTY OWNER warrants that the property is free and clear of all liens and encumbrances other than for ordinary taxes, except for such liens as are by lienholders

hereinafter listed and designated as signers of this Petition and Waiver, who by execution of this Petition consent to the subordination of their lien to the special assessment liens herein described. PROPERTY OWNER further agrees to subordinate its property to the terms of this Petition and Waiver, and upon failure to do so, to pay the full amount of the assessment on demand. Each lienholder, designated below, by execution of this Petition and Waiver, agrees and consents that its lien shall be subordinated to the lien of the assessments levied pursuant hereto.

8. PROPERTY OWNER and City agree that the City shall be responsible for all roadside trail snow removal. The PROPERTY OWNER shall be responsible for mowing adjacent to the roadside trail, avoid parking on the roadside trail, avoid planting and landscaping that encroaches on the roadside trail and avoid placing debris, including grass clippings and snow piles on the roadside trail.
9. This Agreement shall be governed by the laws of the State of Iowa.
10. In the event a party hereto fails to perform its obligations under this Agreement or breaches a covenant, warranty or representation of this Agreement, any other party shall give to the alleged defaulting party written notice of the alleged default and of the actions necessary to cure the default. If the default is not cured within 10 days from the date of notice, the party not in default may exercise all remedies available at law, or in equity, including specific performance.
11. This Agreement contains the entire agreement between the parties. This Agreement may not be changed or modified in any manner, unless a written instrument is executed by the parties.
12. All agreements, covenants, representations and warranties made herein are intended to survive until termination of this Agreement.
13. Any uncertainty or ambiguity existing herein shall not be interpreted against a party because such party prepared any portion of this Agreement, but shall be interpreted according to the application of rules of interpretation of contracts generally.
14. Performance of the Agreement shall be complete, and this Agreement shall terminate, when each of the parties has satisfied its respective covenants and obligations hereunder.
15. Each party will, whenever it shall be reasonably requested to do so by another party, promptly execute, acknowledge, and deliver, or cause to be executed, acknowledged, or delivered, any and all such further conveyances, confirmations, instruments, or further assurances and consents as may be necessary or proper, in order to effectuate the covenants and agreements herein provided. Each party will cooperate in good faith with the other parties and shall execute, acknowledge, and deliver any and all documents or requests in order to satisfy the conditions set forth therein and carry out the intent and purposes of this Agreement.
16. Any consent or approval required herein shall not be unreasonably withheld; provided, however, that this Agreement is subject to the approval of the City Council of the City of Indianola, Iowa.
17. Neither the method of computation of funding nor any other provisions contained in this Agreement nor any acts of any party shall be deemed or construed by PROPERTY OWNER

or by any third person to create the relationship of partnership or joint venture or of any association between the parties.

18. The undersigned officers of the parties covenant and confirm that this Agreement has been approved, and its execution authorized, by PROPERTY OWNER and the City Council of the City of Indianola, Iowa, and that the undersigned officers have been authorized to enter into and execute this Agreement on behalf of PROPERTY OWNER and the City.
19. The City has found and determined that this Agreement serves and accomplishes a public purpose and is in the best interests of the City and its citizens and residents.
20. All notices or requests under this Agreement shall be given by certified mail, postage prepaid, return receipt requested, to the addresses shown below.

(hereinafter referred to as the “Easement Area”) Said Easement allows the City, its agents, contractors and employees, and other permitted parties including but not limited to electric, cable and telecommunications utilities and their respective agents, contractors and employees, a right of entry in, upon and onto the above described Easement Area, which purpose includes any and all construction-related activities.

It is understood that, upon completion of this project, the City shall restore the Easement Area to its original condition as reasonably possible, including but not limited to restoration of lawns by sodding or seeding, replacement of concrete or asphalt driveways removed for grading or access purposes, and replacement of fences or other structures that may be removed or damaged by the City and/or permitted parties during the course of construction, except that the following items shall not be restored by the City or permitted parties but are instead compensated for the consideration paid for in this Easement by the City as set forth above. (List items below or state "none").

NONE

It is further understood that the consideration set forth in this Easement shall constitute full and adequate compensation for damages to the above listed items.

It is further understood that the foregoing Easement and release shall be null and void and of no effect whatsoever unless accepted by the City of Indianola and shall be subject to the following terms and conditions to which the City, upon acceptance of this instrument by the City, shall be deemed and to have stipulated and agreed:

1. **DURATION.** It is understood and agreed that this Easement allowing entry in, upon and onto the Easement Area described shall be in effect beginning on the date that the Grantor signs this document until completion of construction of this improvement above described and the City's performance of its obligation hereunder. This Easement shall be binding on Grantor and on Grantor's successors and assigns during construction of this improvement.
2. **GRANTOR'S REPRESENTATION AS TO TENANTS.**
The Grantor states and warrants that there are no tenants on the property where the Property Interests are located, except as listed below:

Furthermore, Grantor shall convey the Property free and clear of leasehold interests and leasehold claims and shall indemnify City against any such claims as a result of this project, unless the claim is due to City's gross negligence.

3. **REMOVAL OF EQUIPMENT.** It is further understood and agreed that the City and/or permitted parties will remove all of said materials and equipment from the above described premises within 10 days after the above described project has been completed.
4. **SPECIAL PROVISIONS.** NONE

From: Charlie E. Dissell, Community and Economic Development Director

Date: July 10, 2020
Re: Approval of letter to the Treasurer of the State of Iowa certifying the population of land recently annexed into the City of Indianola

As the Council is aware, on June 1st, 2020, the Indianola City Council held a public hearing, and on a 6-0 vote, approved an application for a voluntary annexation of land into the City of Indianola from Jon F. and Mary Hellen Peterson.

As part of the process to finalize the annexation, City staff worked with the Iowa Secretary of State's office. During this process, staff was made aware of Section 312.3(4) of Iowa Code, which deals with the apportionment of Road Use Tax Funds to counties and cities. That section states:

In any case where a city has annexed any territory since the last available federal census or special federal census, the mayor and council shall certify to the treasurer of state the actual population of such annexed territory as determined by the last certified federal census of said territory and the apportionment of funds under this section shall be based upon the population of said city as modified by the certification of the population of the annexed territory until the next federal or special federal census enumeration.

In working with Legal Counsel, direction was given that, even though the annexed ground is farm ground with no physical population, the above referenced certification still needs to be sent to the State Treasurer of Iowa. Attached to this memo is a letter from the Iowa Secretary of State, as well a draft letter to the State Treasurer to be signed by the Mayor.

I will attend your July 20th meeting to answer any questions you may have.

Re: Res 2020-123

Dear Mr. Dissell,

You are hereby notified that the resolution, plat map, and legal description pertaining to the voluntary annexation of territory to Indianola, which was approved by the city June 1, 2020 has been received and filed by this office as required by Iowa Code section § 368.7. You may consider the annexation filed.

In accordance with § 368.1(15) and § 368.7A the territories extend to the center line of all secondary roads adjacent to the above described properties.

Iowa Code 312.3(4) requires the mayor and city council to certify the population of any annexed territory, as determined by the last certified federal census, to the treasurer of state in order for apportionment of street construction funds to be adjusted.

Please review your city's precinct ordinance (if any) and confer with your county auditor to ensure these territories are assigned to the correct election precinct and/or ward (if any).

If you have questions or concerns about this communication, please let me know.

Sincerely,

Mr. Treasurer-

This letter is meant to inform you that, on June 1st, 2020, the Indianola City Council held a public hearing, and on a 6-0 vote, approved an application for a voluntary annexation of land into the City of Indianola from Jon F. and Mary Hellen Peterson.

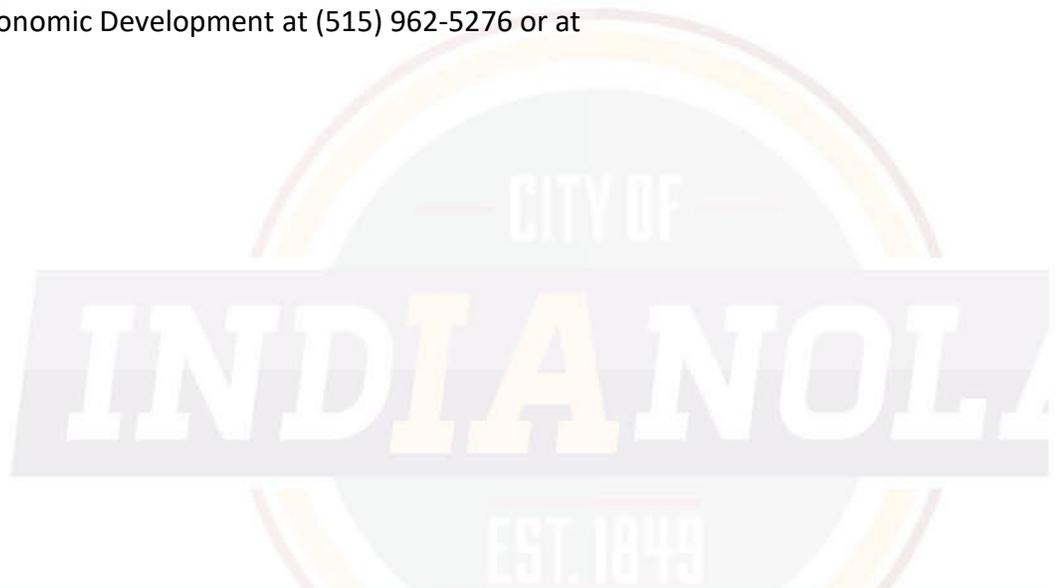

The annexation request was for about 70 acres of located in Warren County, Iowa lying east of R-63 Highway, south of Inwood Street, and west of 110th Avenue. The legal description of the land included in the application is *“the North One-half (N ½) of the Southeast Quarter (SE ¼), except Parcel “K”, in Section 22, Township 76 North, Range 24 West of the 5th P.M., Warren County, Iowa”*.

On behalf of the Indianola City Council, I certify, for the purposes of apportionment of road use tax funds, that the actual population of such annexed territory, as determined by the last certified federal census of said territory, is zero (0).

If you have any questions regarding this letter, please do not hesitate to contact Charlie E. Dissell, Director of Community & Economic Development at (515) 962-5276 or at cdissell@indianolaiowa.gov.

Subject: Request: renewal of HUD environmental review form

Good morning, Mayor Shaw:

Once again, my non-profit, Home Forward Iowa is in need of a signed Environmental Review for our HUD grant. For context, I've included below the gist of my message last year. Nothing has changed and we have no intention of providing any direct housing services or being part of any housing construction or renovation. The timetable for this is for a grant renewal that begins January 1, 2021 but our HUD program officer says its OK to go ahead and get this done sooner. As was the case with the form approved by Council and signed by you, this will be in effect for the duration of that 12 month period. Let me know if you have any questions; also when you might be able to fit this onto a Council meeting agenda. I've attached a draft and can drop off a couple of hard copies as needed.

Here is the background: I am the Executive Director of Home Forward Iowa, a 501(c)(3) non-profit housing and services advocacy organization on behalf of Iowans experiencing homelessness. We were awarded a HUD contract through the Continuum of Care program. The project is to provide technical assistance to the twelve Coordinated Services Regions throughout the 96 counties that constitute Iowa's Balance of State (excluding Polk, Pottawattamie and Woodbury). This project provides no housing or shelter directly, nor do we own any properties. However, HUD requires that the attached waiver be attached and that it be signed by an elected official from the "unit of local government in whose jurisdiction the activity is located..." Although the project serves virtually the entire state, because Home Forward Iowa's only physical location is in the upstairs office of my home, our HUD program officer in Omaha said that your signature would meet the requirement.

Thanks for attending to this and again, feel free to contact me if you have any questions.

RESOLUTION 2020-

RESOLUTION AUTHORIZING THE EXECUTION OF AN ENVIRONMENTAL REVIEW FORM FOR HOME FORWARD IOWA'S HUD GRANT

WHEREAS, Tim Wilson is the Executive Director of Home Forward Iowa, a 501(c)(3) non-profit housing and services advocacy organization on behalf of Iowans experiencing homelessness; and

WHEREAS, Home Forward Iowa was awarded a HUD contract through the Continuum of Care program to provide technical assistance; and

WHEREAS, the Indianola City Council approved a request from Mr. Wilson for execution of the form on December 2, 2019 for 2020; and

WHEREAS, HUD requires that the attached form be signed by a local elected official each year; and

WHEREAS, the City Council believes it to be the best interest of Iowans experiencing homelessness to execute the environmental review form for 2021.

NOW, THEREFORE BE IT RESOLVED by the City Council of the City of Indianola, Iowa that the Mayor is hereby authorized and directed to execute the Environmental Review form for Home Forward Iowa's HUD Grant.

Passed and approved this 20th day of July 2020.

EXHIBIT ‘A’

West Clinton Avenue Culvert Replacement FOR CITY OF INDIANOLA, IOWA

SCOPE OF WORK July 3, 2020

I. PROJECT DESCRIPTION

The project includes PROFESSIONAL engineering services for a drainage improvement project that includes reinforced box culvert, channel grading and improvement and paving for the construction of new 8’ by 4’ Box culvert across West Clinton Avenue west of South L Street. PROFESSIONAL services will include easement plat preparation, geotechnical investigation, road and drainage design, structural design, final construction plans and specifications, bidding documents, public meetings, assistance during bidding, construction administration and observation and record drawings including GIS updates.

II. SCOPE OF SERVICES

A. BASIC SERVICES

1. Project Administration

- a. Monthly progress reports to the CLIENT.
- b. Monthly billing reports.
- c. The PROFESSIONAL will develop preliminary plan and profiles for the purpose of coordinating with existing utility owners in the corridor. The PROFESSIONAL will meet with utility owners when the design and construction plans are approximately 50% complete. A second meeting with utility owners will be held when the design and construction plans are approximately 95%. PROFESSIONAL will coordinate with the CLIENT and utility companies to discuss location of facilities and potential impacts as a result of the project. This agreement does not include design of any private utility facilities. It is understood that the PROFESSIONAL will hold and facilitate two (2) group utility meetings to address specific issues related to the project. PROFESSIONAL will prepare and distribute meeting minutes to all attendees. Any subsurface utility engineering (SUE) services requested to obtain accurate utility depth and location information will be paid for as a change to the agreement
- d. Project design review with the CLIENT, as needed.
- e. Utility Coordination. The PROFESSIONAL will coordinate the design of the improvements with private utilities including communications, gas and cable television present in the corridor, with particular attention to the crossing of the gas products pipeline. Coordination with Indianola

Municipal Utilities will also be conducted through the project related to potential water main conflicts & relocation, existing and proposed fiber, electrical distribution and street lighting. There are significant utilities in the project vicinity. It is anticipated that the proposed structure location will be marked in the field and one or more test holes will be excavated to expose actual location/elevation. One site visit is included.

- f. Public Engagement. The PROFESSIONAL will conduct a public information meeting, in open house format, to present preliminary findings and project information and to gather concerns and issues from the public. Project progress will be presented to council and a final public information meeting will be conducted to set the letting date and approve the plans, specifications and form of contract.

2. Preliminary Design and Plans

- a. Preliminary Design. Preliminary design will be performed for Culvert, roadway, sidewalk, driveways and storm sewer and drainage, grading and channel improvements. Existing sanitary sewer features, water main and communication facilities may be in conflict with proposed improvement. Shoring, protection or relocation is included with the project.
- b. PROFESSIONAL will make a site visits coordinating with CLIENT staff to review the project site and discuss construction methods, existing pavement conditions, existing pavement structure, proposed pavement section options, underground utility assessment, and agree on a mutual course of action.
- c. Iowa SUDAS shall be used for guidance on applicable design standards. If variations of these design standards is required for the project the CLIENT shall coordinate these design exceptions with the CLIENT for general concurrence.
- d. All plans shall be prepared on 11"x17" paper in black and white ink. Construction plans shall be at a general scale of 1" = 20'.
- e. Final Preliminary Plans will be submitted to the CLIENT for review and comment.

3. Final Design Plans & Specifications. PROFESSIONAL will utilize the topographic survey and base maps to prepare construction drawings for this Project. The construction documents and specifications shall include:

1. Project title sheet
2. General notes sheet
3. Typical sections for proposed improvements including materials and subgrade work.
4. Tabulations of quantities and estimate reference information.
5. Plan and profile sheets with standard features such as construction limits, existing features, proposed pavement limits, pavement markings, etc.
6. Horizontal and vertical control plan
7. Right of Way plan

8. A traffic control and staging plan to complete the construction with the intent of minimal inconvenience to adjacent property owners.
 9. Detail sheets for driveway and intersection design.
 10. Typical details for pedestrian ramp reconstruction including detailed sheets for compliance with Iowa SUDAS.
 11. Culvert Situation Plan
 12. Structural details
 13. Erosion control plan
 14. Special details
 15. Cross sections for channel improvements
- a. The PROFESSIONAL shall complete the final design, plans and specifications for the improvements for the established scope for the project and shall furnish a copy of these documents to the CLIENT for review and approval prior to final acceptance. The design documents will follow the current CLIENT requirements.
 - b. Specification “front ends” shall be prepared by the PROFESSIONAL for this project. The “front ends” shall include: Notice of Hearing and Letting, Information for Bidders, Bid Form, Standard Form of Agreement, Bid Bond, Performance Bond, Payment Bond, Notice to Proceed, General Conditions, and Supplemental General Conditions.
 - c. Permits – The PROFESSIONAL shall complete and obtain required permits from the Iowa Department of Natural Resources as necessary for the potential sanitary sewer’s water main. An NPDES permit is not required, however, a SWPP plan will be created. All applicable fees shall be paid by the CLIENT.
 - d. Soils Investigation and Materials Testing – PROFESSIONAL, through a Subconsultant, shall perform geotechnical investigation at select locations within the project limits. This investigation is meant to give the PROFESSIONAL existing pavement and substructure depths and conditions to properly design the proposed improvements.
 - e. Opinion of Probable Construction Costs - The PROFESSIONAL shall prepare an opinion of total probable construction costs based upon the designs developed for the project improvements. Statements of probable construction costs prepared by the PROFESSIONAL represent the best judgment as a design PROFESSIONAL familiar with the construction industry. It is recognized, however, that the PROFESSIONAL has no control over the cost of labor, materials or equipment, over the Contractor's methods of determining bid prices, or over competitive bidding or market conditions. Accordingly, the PROFESSIONAL does not guarantee that any actual cost will not vary from any cost estimate prepared by the PROFESSIONAL.
 - f. PROFESSIONAL shall administer a quality control review which includes a site walk through and a thorough plan review. This quality review of the plan will be performed by a PROFESSIONAL Engineer at least once during the project development process.

B. BID PHASE SERVICES

1. Bid Assistance

The PROFESSIONAL shall perform the following services during the bid period:

- a. Construction Contract Documents - The project will be let by the CLIENT, and the PROFESSIONAL shall supply the necessary documents for this process.
- b. Advertising - The PROFESSIONAL shall answer questions from potential contractors, subcontractor and suppliers, and coordinate with CLIENT staff during this phase of services.
- c. The PROFESSIONAL shall attend the meeting at which bids are received, tabulate the bids and make recommendations to the City Council regarding the awarding of the construction contract to the lowest qualified bidder for the project.

C. CONSTRUCTION PHASE SERVICES

1. Construction Administration

Upon award of the construction contract, the PROFESSIONAL shall perform the following administrative services during construction of the proposed improvements:

- a. During the construction phases, the PROFESSIONAL shall specify the testing of materials and administrative procedures as per the CLIENT's requirements and as directed by the PROFESSIONAL.
- b. Preconstruction Conferences - The PROFESSIONAL shall arrange and conduct a preconstruction conference with the Contractor and CLIENT, to review the contract requirements, details of construction, utility conflicts and work schedule prior to construction.
- c. Periodic Site Observation - The PROFESSIONAL shall make periodic visits to the construction site to (a) observe the progress and (b) determine if the results of the construction work substantially conform to the drawings and specifications in the construction contract.
- d. Contractor Payment Requests - The PROFESSIONAL shall review the requests of the contractor for progress payments and shall approve a request, based on site observations, which authorizes payments and is a declaration that the contractor's work has progressed to the point indicated.
- e. Notification of Nonconformance - The PROFESSIONAL shall notify the CLIENT of any known work which does not conform to the construction contract, make recommendations to the CLIENT for the correction of nonconforming work and, at the request of the CLIENT, see that these recommendations are implemented by the contractor.
- f. Shop Drawings - The PROFESSIONAL shall review shop drawings and other submissions of the Contractor for general compliance with the construction contract.
- g. Change Orders - The PROFESSIONAL shall prepare change orders for approval of the CLIENT.

- h. Substantially Complete Final Site Observation - The PROFESSIONAL shall perform a site observation to determine if the project is substantially complete according to the plans and specifications and make recommendation on final payment.
 - i. During the Construction Services phase, the Project Manager shall confer with the CLIENT to report project status. A written progress report shall be submitted and written in such a way that it is suitable for use as a City Council information item.
 - j. If the Contractor exceeds the estimated working days in completing construction of the project for any of the project lettings, or if change orders or project additions require additional working days, the PROFESSIONAL will be compensated for administration, inspecting and staking services based on established hourly rates and fixed expenses outlined in the PROFESSIONAL's Standard Fee Schedule (Exhibit "B").
 - k. Final Acceptance. It is understood that the CLIENT will only accept the project only after recommendation by the PROFESSIONAL.
2. Construction Observation. The PROFESSIONAL will provide one or more resident construction observer for the project as required during the construction phase. If the Contractor requests a waiver of any provisions of the plans and specifications, the PROFESSIONAL will make a recommendation on the request to the CLIENT for their determination. No waiver shall be granted if such waiver would serve to reduce the quality of the final product. The CLIENT shall never be deemed to have authorized the PROFESSIONAL to consent to the use of defective workmanship or materials. The construction observer will give guidance to the project during the construction periods, including the following:
- a. Checking of lines and grades required during construction.
 - b. Observation of the work for general compliance with plans and specifications.
 - c. Keep a record or log of Contractor's activities throughout construction, including notation on the nature and cost of any extra work or changes ordered during construction.
 - d. Resident Services provide the CLIENT with representation at the job site during the construction phase of the project which results in increasing the probability that the project will be constructed in substantial compliance with the plans and specifications, and contract documents. However, such resident services do not guarantee the Contractor's performance. Resident services do not include responsibility for construction means, controls, techniques, sequences, procedures or safety.
 - e. Construction Testing. The construction observer shall coordinate the acceptance testing and monitoring according to CLIENT requirements. Concrete field air and slump tests required will be completed by the Resident Engineer or construction observer. Moisture and density control tests and concrete cylinders as required will be provided by the Contractor.

3. Construction Staking

The PROFESSIONAL shall be responsible for providing all construction stakes for the PROJECT. The PROFESSIONAL shall provide staking of proposed features per the construction plans. The PROFESSIONAL shall provide one set of stakes for each construction operation. Any staking that is destroyed due to construction that has to be replaced will be at the Contractor's expense.

- a. Project site horizontal and vertical control point verification and setup (Horizontal and vertical control points will be available for the grading contractor for machine control)
- b. Existing pavement removals and construction limits (50' intervals and points of deflection)
- c. Box culvert structure (Flowline elevations and back of parapet location offsets).
- d. Storm sewer pipe, structures and structure adjustments (SUDAS station location offsets with flow line and rim/form grade/inlet elevations)
- e. Sanitary sewer pipe, structures and structure adjustments (SUDAS station location offsets with flow line and rim elevations)
- f. Water main pipe, water critical crossings, structures and adjustments (Centerline pipe on 100' intervals, top of pipe elevations, hydrant structure offsets)
- g. Roadway subbase grade checks (Check stakes provided on centerline at 50' intervals)
- h. Roadway PCC back of curb (Paving hubs staked on 25' intervals to a pre-determined height)
- i. Sidewalk and trail pavement (Single edge of slab offsets on 50' intervals to top slab elevations)
- j. Sidewalk ADA (Edge of turning space/top of ramp offsets to top slab elevations)
- k. Channel grade improvements (Revetment limits and contour grades)

4. Record Drawings

Record Documents. The PROFESSIONAL shall furnish reproducible record documents for each project phase according to CLIENT requirements. Such as-builts may contain a waiver of liability phrase in regard to unknown changes made by the Contractor without CLIENT/PROFESSIONAL approval. Snyder will also provide information formatted to update the Storm, Street, Water, Sewer and electric layers in the the City's GIS system.

D. ADDITIONAL SERVICES

1. Geotechnical Investigation

- a. The PROFESSIONAL will hire Allender Butzke Engineers, Inc., an independent subcontractor, to obtain a soil boring along the existing road. The geotechnical investigation includes drilling, sampling, lab testing, engineering analysis of subgrade conditions and a written report.

2. Acquisition Plats
 - a. PROFESSIONAL will provide easement plats in accordance with the Iowa Code. This service includes a drawing certified by a PROFESSIONAL land surveyor licensed in the State of Iowa at a suitable scale depicting the needs along with legal descriptions in word format and electronic coordinates with elevations of critical monuments found during the boundary verification. Four original plats with an original signature will be provided to the CLIENT for the recording of the plat at the Warren County Recorder's office. The estimated budget for this service is based on a unit price of six hundred and fifty dollars (\$650.00) for each plat created. Three permanent drainage easement plats are anticipated for this project. Plats will not be prepared for temporary easement acquisitions. Plan sheets will be used for temporary easement exhibits.

III. SCHEDULE

Re: 28E Agreement for Roadway Maintenance

The purpose of a 28E Agreement for roadway maintenance between the City of Indianola and Warren County is to specify routine maintenance responsibilities on shared or adjoining roadways and provide a format to develop a separate agreement for major maintenance of roads that the two entities share an interest.

As per the current 28E agreement, the City is responsible for maintenance of gravel road on Inwood Street / 100th Avenue, from County Highway R63 to West Euclid Avenue, and the County is responsible for maintenance of gravel road on East Iowa Avenue / Jersey Street, from North 15th Street to 150th Avenue. The City of Indianola has plans to construct concrete pavement on a portion of East Iowa Avenue, located east of 15th Street. Therefore, City staff has requested the County to switch the maintenance responsibilities of Inwood Street / 100th Avenue with East Iowa Avenue / Jersey Street.

Staff is recommending Council to approve the revised 28E agreement to switch the roadway maintenance responsibilities as mentioned above.

**RESOLUTION APPROVING AN INTERGOVERNMENTAL AGREEMENT BETWEEN THE CITY OF INDIANOLA
AND WARREN COUNTY, IOWA FOR ROADWAY MAINTENANCE**

WHEREAS, the City of Indianola (the “City”) desires to enter into this Intergovernmental Agreement (“Agreement”), with Warren County, Iowa (“County”); and

WHEREAS, the purpose of the agreement is to jointly exercise their respective powers and duties to maintain public streets and roads as to those streets and roads which are on the boundaries between the City and the County, or which extend into the boundary of the other party, and to establish a framework for reaching agreement on major maintenance and construction projects for streets and roads which are on the boundaries between the City and the County, or which extend into the boundaries of the other party; and

WHEREAS, this agreement shall remain effective for ten years from the date it is recorded in the Warren County Recorder’s Office; and

WHEREAS, the City Council finds that the intergovernmental agreement should be approved, and the City Manager is authorized as the designated co-administrator for purposes of the agreement, attached as Exhibit A.

NOW, THEREFORE BE IT RESOLVED by the City Council of the City of Indianola, Iowa that the intergovernmental agreement between the City of Indianola and Warren County for roadway maintenance is hereby approved and the Mayor or City Manager is authorized to execute the agreement on behalf of the City.

**28E AGREEMENT BETWEEN THE CITY OF INDIANOLA, IOWA,
AND WARREN COUNTY, IOWA**

THIS AGREEMENT is made and entered into by and between Warren County, Iowa, (which hereinafter may be referred to as “Warren County” or “County”) and the City of Indianola, Iowa (which hereinafter may be referred to as “Indianola”, or “City”), in accordance with provisions of Chapter 28E, Code of Iowa, 2020.

PART I. – JOINT EXERCISE OF POWERS

1. Pursuant to Chapter 28E of the 2020 Code of Iowa, the parties agree that the purpose of this Agreement is to jointly exercise their respective powers and duties to maintain public streets and roads as to those streets and roads which are on the boundaries between the City and the County, or which extend into the boundary of the other party, and to establish a framework for reaching agreement on major maintenance and construction projects for streets and roads which are on the boundaries between the City and the County, or which extend into the boundaries of the other party.
2. The parties shall approve this Agreement by resolution of their respective Board or Council, which shall authorize the execution of this Agreement. The Agreement will then be filed in the Offices of the Iowa Secretary of State and the Recorder of Warren County, in accordance with Chapter 28E of the Code of Iowa. This Agreement shall remain effective for ten (10) years from the date it is recorded in the Warren County Recorder’s Office unless it is terminated as provided in Part III, paragraph 19 hereof with automatic renewal thereafter as provided in Part III, paragraph 20 hereof.
3. The parties hereby agree that the City Manager of the City of Indianola and the County Engineer of Warren County shall be designated as co-administrators for purposes of this Agreement as provided by Section 28E.6 of the Code of Iowa.
4. No separate legal or administrative entity is created by this Agreement, and no real or personal property will be purchased in the performance of this Agreement.

PART II. – ROUTINE MAINTENANCE OF STREETS AND ROADS

5. The party with maintenance responsibility shall perform routine maintenance and authorized major maintenance and construction in conformance with the terms of this Agreement on the roads designated in Attachments A and B, and as shown on Attachment C.
6. All routine maintenance performed by the party with maintenance responsibility shall be performed in accordance with that party’s normal maintenance practices and procedures within its boundaries.

7. For purposes of snow and ice removal, and the exemption from fault contained in Section 668.10(2), Code of Iowa, the party with maintenance responsibility shall be considered, by virtue of this Agreement, to provide snow and ice removal in accordance with that party's policy or level of service except as otherwise designated in Attachment A for snow and ice removal only.
8. Any duty pertaining to maintenance or repair of public property (including, but not limited to: erection/installation or maintenance of traffic control signs or devices [except pavement markings] in conformance with the current edition of the Manual on Uniform Traffic Control Devices [MUTCD]; ordinance enforcement; nuisance removal; sidewalk maintenance or construction; proper design and construction of streets or roads) not included in the definition of routine maintenance, and not authorized to be performed as major maintenance, shall remain the duty of the party within whose boundary the public property lies.
9. The party with maintenance responsibility shall have no duties with respect to the other party's traffic control signs or devices, and shall not be required either to periodically survey the condition or the compliance with the current edition of the MUTCD of the other party's traffic control signs or devices, to report the condition thereof to the other party, or to remove visual obstructions thereto.
10. The party with maintenance responsibility shall indemnify and hold harmless the party within the boundaries of which the street lies, and its officers, agents, and employees, from any and all claims, demands, actions, causes of actions, or judgments of whatever nature or character, including costs of litigation and attorney fees, which the latter party may incur or which may be imposed for injury to or death of persons, or damage to property (real or personal), or any other manner of injury or damage, proximately caused by negligent performance or non-performance by the party with maintenance responsibility under this Agreement.
11. Nothing in this Agreement shall be construed as prohibiting the party with maintenance responsibility from hiring a third party to perform any work associated with this Agreement. In such instances, the party with maintenance responsibility shall obtain a written hold harmless agreement from the said third party, for the benefit of both parties to this Agreement, covering the work performed by the third party. The hold harmless agreement shall also require the third party to carry adequate insurance to fulfill its obligations to hold harmless the parties and to provide proof of insurance. This paragraph shall not apply to emergency situations such as snow and ice removal.
12. Each party retains full responsibility for acquisition of right-of-way across land which lies within the boundaries of that party.
13. Each party retains responsibility for approval of new driveways or entrances which lie within the boundaries of that party.

PART III. – MAJOR MAINTENANCE OF STREETS AND ROADS

14. Major maintenance shall not be performed on the other party's roads by the party with maintenance responsibility, nor shall either party engage in any construction projects involving roads under the jurisdiction of more than one of the parties, unless and until a written agreement for that work is executed by the parties in accordance with paragraph 15.
15. Construction projects and major maintenance projects shall be performed under authority of separate agreements between the parties. In the performance of such projects, the party with maintenance responsibility of the major part of the project in terms of miles shall be responsible performing all administrative functions including, but not limited to, planning, surveying, engineering, contracting and inspection for the project. The actual costs for the aforementioned administrative functions shall be paid one-half by each party for those roads where the boundary line is nominally down the center line of the street and one hundred (100) percent by the party within whose boundary the street lies for all other streets. The above-mentioned construction and major maintenance projects pertain to the streets specified in Attachments A and B, and as shown on Attachment C, or any other streets upon which the parties reach agreement.

PART IV. – GENERAL PROVISIONS

16. Definitions. As used in this Agreement, the following terms or phrases shall have the following meaning:
 - a. "Major maintenance" is defined tile line and storm sewer repair; major bridge and culvert repairs; major pavement patching; major edge rut and shoulder repairs; seal coating; asphalt stabilization/rehabilitation; and maintenance or repair of any sewers or sub-surface utilities.
 - b. "Roads" and "streets" are synonymous terms as used in this agreement, and mean the portion of the public right-of-way designed, improved and ordinarily used for vehicular travel.
 - c. "Routine maintenance" means replenishment of granular surfacing material; surface blading and dragging; snow and ice removal; frostboil repairs on granular surfaced roads; dust control; minor pavement repair; weed eradication; mowing; trimming or removal of trees, shrubs or other vegetation; replacement of pavement markings with the policy or level of service of the party with maintenance responsibility; shoulder and edge rut repair; street sweeping when warranted by traffic and/or pavement conditions; and other minor maintenance usually performed on roads and streets.
 - d. "The party with maintenance responsibility" means the party which, because of this Agreement, is responsible for routine maintenance and authorized major maintenance for roads or portions thereof as specified in this Agreement, regardless of the physical location of the road inside or outside of that party's boundaries.

17. Notices. All notices which the parties are authorized or required to give one another pursuant to this Agreement shall be in writing and may be personally delivered or sent by ordinary mail to the addresses hereafter provided. Such notices and invoices shall be delivered or mailed to the following persons at the addresses listed:

Notices to the City of Indianola:

City Manager
110 N. 1st Street
Indianola, IA 50125

Notices to Warren County:

Warren County Engineer
301 N. Buxton Street, Suite 211
Indianola, IA 50125

18. Declaration of Default and Notice. In the event that either party determines that the other has defaulted in the performance of its obligations hereunder, the aggrieved party may declare that default has occurred and give notice thereof to the defaulting party. Notice of default shall be given in writing, shall specify the nature of the default and the provision of the Agreement involved, and shall specify what action is required of the defaulting party to correct the default. The defaulting party shall have 30 days from the date of its receipt of the notice of default to correct the default. If at the end of said 30 day period the default has not, in the opinion of the aggrieved party, been corrected, that party may thereupon terminate this Agreement as provided in paragraph 19 hereof.
19. Termination. Either party may terminate this Agreement by sending written notice of termination, specifying the reasons for termination, at least sixty (60) days prior to the effective date of termination. Notice shall be sent to the governing body of the other party at its principal place of doing business by certified mail. The termination of this Agreement shall not relieve any party to this Agreement of any obligations or liability arising during the term of this Agreement.
20. Renewal. This Agreement shall automatically renew on July 1 of each succeeding year unless one of the parties gives written notice to the other party on or before May 1 of that year that it does not renew the Agreement.
21. Entire Agreement – Amendment. This is the entire Agreement between the parties and it may be amended only by written addendum hereto approved by resolution by both parties.
22. Applicable Law. The laws of the State of Iowa shall apply to this Agreement.
23. In the event of a breach by the County or the City of this Agreement, said breach shall not be considered to affect any remaining terms or conditions of this Agreement. If any terms or conditions of this Agreement are held to be invalid, unenforceable by a court of competent jurisdiction or illegal, those remaining terms or conditions shall not be construed to be affected.

IN WITNESS THEREOF, the County and City have caused this Agreement to be executed in six (6) counterparts, each of which shall be considered an original.

Profile

Recently retired after a 31 year career with Principal Financial Group. Over the years, I held many roles and various assignments within the Information Technology Division. Nearly all roles centered in leadership of people and large scale technology projects. My most recent assignment was CIO IT Corporate System, and I had responsibility for staff and technology that supported our corporate systems and functions such as HR, Finance, Real Estate, Marketing, Risk and Documents. I managed a budget of \$30+M. I had oversight of our in plant print facility in Urbandale as part of my fiscal accountability,

I also enjoyed the opportunity to sponsor our IT Recruiting team for the organization working with leaders across the organization to identify staffing and skill needs and then working with a strong team to recruit both entry level and experienced talent for the organization.

Education

I earned my BA from the University of Northern Iowa in 1984. I've also had many great learning opportunities working with Principal. Some include Leadership Institutes and Drake Leadership Series that Principal partnered in providing.

Volunteering

Currently, I sit on the ICYF Board here in Indianola. Past involvement included DMACC/IT Partnership, Indianola Preschool Board, St Thomas Parish Council and years of teaching religious ed classes for both elementary and high school students.

Ordinance

ORDINANCE NO. ____

AN ORDINANCE AMENDING CHAPTER 100 OF THE CODE OF ORDINANCES OF THE CITY OF INDIANOLA, IOWA BY AMENDING PROVISIONS PERTAINING TO INTEREST RATES IN CERTAIN CONNECTION FEE DISTRICTS

WHEREAS, the City Council of the City of Indianola, Iowa, has at various times enacted ordinances establishing connection fee districts pursuant to its authority under Iowa Code section 384.38(3), which impose a connection fee on each person who owns property in each of the respective districts who will be served by the City’s Sanitary Sewer Utility; and

WHEREAS, the City has fully satisfied the financing costs for the improvements constructed to benefit certain districts; and

WHEREAS, there have been no connections made in the following established connection fee districts since the enactment of the respective districts:

1. Plainview South Trunk Sewer
2. Plainview North Trunk Sewer
3. North Jefferson Way (US Hwy 65/69) Trunk Sewer
4. East Highway 92 Sanitary Sewer
5. Highway 65/69 Sanitary Sewer
6. North Howard Street Sanitary Sewer
7. West Highway 92 Sanitary Sewer

(“Undeveloped Districts”); and

WHEREAS, the carrying costs for the improvements constructed to benefit each of the Undeveloped Districts have been paid in full and the City Council finds that the imposition of such costs upon new connections to the Sanitary Sewer Utility no longer serves the intended purpose of each connection fee district ordinance when enacted; and

WHEREAS, the compounding interest on connection fees within the Undeveloped Districts have become a deterrent to development within those areas; and

WHEREAS, the City Council desires to consider an Ordinance to amend the Code of Ordinances to remove the annual compounded interest imposed on new connections made within the Undeveloped Districts; and

WHEREAS, because no connections have been made within the Undeveloped Districts, all property owners within the Undeveloped Districts will receive the benefit of this reduction in the connection fees; and

WHEREAS, the connection fee district ordinances shall otherwise remain unchanged; and

WHEREAS, upon due notice to all property owners of property within the Undeveloped Districts and hearing concerning each of the amendments to each of the connection fee districts herein described as Undeveloped Districts, the City Council finds that the general health and welfare of the citizens of the City of Indianola will be benefited by the proposed changes to the Code of Ordinances.

BE IT ENACTED BY THE CITY COUNCIL OF THE CITY OF INDIANOLA, IOWA:

SECTION 1. SECTION MODIFIED. Subsection 3 of Section 100.07, Plainview South Trunk Sewer, of the Code of Ordinances of the City of Indianola Iowa, is repealed and the following adopted in lieu thereof:

3. A connection charge is hereby established and imposed upon the owners of properties within the Plainview South Trunk Sewer Benefited District who shall hereafter make application to connect their properties to the sewer. The connection charge for the Plainview South Trunk Sewer Benefited District shall be \$674.64 for each acre of property, or prorated for a fraction thereof, for which application is hereafter made for connection to the trunk sewer.

SECTION 2. SECTION MODIFIED. Subsection 3 of Section 100.08, Plainview North Trunk Sewer, of the Code of Ordinances of the City of Indianola Iowa, is repealed and the following adopted in lieu thereof:

3. A connection charge is hereby established and imposed upon the owners of properties within the Plainview North Trunk Sewer Benefited District who shall hereafter make application to connect their properties to the sewer. The connection charge for the Plainview North Trunk Sewer Benefited District shall be \$5,390.52 for each acre of property, or prorated for a fraction thereof, for which application is hereafter made for connection to the trunk sewer.

SECTION 3. SECTION MODIFIED. Subsection 3 of Section 100.09, North Jefferson Way (US HWY 65/69) Trunk Sewer, of the Code of Ordinances of the City of Indianola Iowa, is repealed and the following adopted in lieu thereof:

3. A connection charge is hereby established and imposed upon the owners of properties within the North Jefferson Way (US Hwy 65/69) Trunk Sewer Benefited District who shall hereafter make application to connect their properties to the sewer as follows:

A. Subdistrict No. 1. The connection charge for Subdistrict No. 1 shall be \$5,200.00 for all or any part of Subdistrict No. 1 for which application is hereafter made for connection to the trunk sewer.

B. Subdistrict No. 2. The connection charge for Subdistrict No. 2 shall be \$3,688.00 for each acre of property, or prorated for a fraction thereof, for which application is hereafter made for connection to the trunk sewer.

C. Subdistrict No. 3. The connection charge for Subdistrict No. 3 shall be \$563.00 for each acre of property, or prorated for a fraction thereof, for which application is hereafter made for connection to the trunk sewer.

SECTION 4. SECTION MODIFIED. Subsection 5 of Section 100.13, East Highway 92 Sanitary Sewer, of the Code of Ordinances of the City of Indianola Iowa, is repealed and the following adopted in lieu thereof:

5. There is imposed on all lots within the connection fee district for which a sewer connection fee has not previously been paid, a fee for connection to the sanitary sewer utility. The connection fee shall be equal to that allocation of the original cost of bringing the sanitary sewer utility to the connection fee district on a per acre basis, calculated in accordance with the actual acreage of the lot seeking to connect. The connection fee shall be as follows:

Connections in Fiscal Year	Connection Fee (per acre)
2015/2016 and beyond	\$12,887.02

SECTION 5. SECTION MODIFIED. Subsection 3 of Section 100.14, Highway 65/69 Sanitary Sewer, of the Code of Ordinances of the City of Indianola Iowa, is repealed and the following adopted in lieu thereof:

3. A connection charge is hereby established and imposed upon the owners of properties within the Highway 65/69 Sanitary Sewer Benefited District who shall hereafter make application to connect their properties to the sewer as follows:

A. The connection charge for the Highway 65/69 Sanitary Sewer Benefited Zone 1 shall be \$3,672.60 for each acre of property, or prorated for a fraction thereof, for which application is hereafter made for connection to the trunk sewer.

B. The connection charge for the Highway 65/69 Sanitary Sewer Benefited Zone 2 shall be \$6,106.23 for each acre of property, or prorated for a fraction thereof, for which application is hereafter made for connection to the trunk sewer.

C. The connection charge for the Highway 65/69 Sanitary Sewer Benefited Zone 3 shall be \$6,524.69 for each acre of property, or prorated for a fraction thereof, for which application is hereafter made for connection to the trunk sewer.

D. The connection charge for the Highway 65/69 Sanitary Sewer Benefited Zone 6 shall be \$3,672.60 for each acre of property, or prorated for a fraction thereof, for which application is hereafter made for connection to the trunk sewer.

SECTION 6. SECTION MODIFIED. Subsection 3 of Section 100.15, North Howard Street Sanitary Sewer, of the Code of Ordinances of the City of Indianola Iowa, is repealed and the following adopted in lieu thereof:

3. A connection charge is hereby established and imposed upon the owners of property within the North Howard Street Sanitary Sewer Benefited District who shall hereafter make application to connect their property to the sewer as follows:

A. The connection charge for the North Howard Street Sanitary Sewer Benefited District is \$10,148.00 for which application is hereafter made for connection to the sanitary sewer.

SECTION 7. SECTION MODIFIED. Subsection 5 of Section 100.17, West Highway 92 Sanitary Sewer, of the Code of Ordinances of the City of Indianola Iowa, is repealed and the following adopted in lieu thereof:

5. There is imposed on all lots within the connection fee district for which a sewer connection fee (or assessment) has not previously been paid, a fee for connection to the sanitary sewer utility. The connection fee shall be equal to that allocation of the original cost of bringing the sanitary sewer utility to the connection fee district on a per acre basis, calculated in accordance with the actual acreage of the lot seeking to connect. The connection fee shall be \$11,492.04 per acre.

SECTION 8. REPEALER. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

SECTION 9. SEVERABILITY CLAUSE. If any section provision or part of this ordinance shall be adjudged invalid or unconstitutional such adjudication shall not affect the validity of the ordinance as a whole or any section, provision or part thereof not adjudged invalid or unconstitutional.

SECTION 10. WHEN EFFECTIVE. This ordinance shall be in effect from and after its final passage, approval, and publication as provided by law.

Ordinance

ORDINANCE NO. ____

AN ORDINANCE AMENDING SUBSECTION 3, SECTION 100.12, OF THE CODE OF ORDINANCES OF THE CITY OF INDIANOLA, IOWA, BY ELIMINATING INTEREST CHARGES ASSOCIATED WITH CONNECTION FEES IN THE HIGHWAY 92 WEST SEWER BENEFITED DISTRICT

WHEREAS, the City Council of the City of Indianola, Iowa, enacted Ordinance No. 1305 on September 20, 2004, establishing the Highway 92 West Sewer Benefited Connection Fee District (“District”), pursuant to its authority under Iowa Code section 384.38(3), for purposes of collecting a charge from property owners within the District who make application to connect their properties to the City’s Sanitary Sewer Utility; and

WHEREAS, the City has fully satisfied the financing costs for the improvements constructed to benefit certain districts; and

WHEREAS, since the date of enactment, there have been two connections within the District made by the same property owner, for which \$16,355.61 in interest was been paid by said owner pursuant to the schedule of compounded interest imposed under Ordinance No. 1305; and

WHEREAS, the carrying costs for the improvements constructed to benefit the District have been paid in full and the City Council finds that the imposition of such costs upon new connections to the Sanitary Sewer Utility no longer serves the intended purpose of the connection fee district ordinance as contemplated when it was enacted; and

WHEREAS, the compounding interest on connection fees within the District has become a deterrent to development within the District; and

WHEREAS, the City Council desires to consider an Ordinance to amend the Code of Ordinances to remove the annual compounded interest imposed on new connections made within the District; and

WHEREAS, because all land within the District is owned by the same owner and no additional connections have been made within the District, all property owners within the District will receive the benefit of this reduction in the connection fees and no property owner will be prejudiced thereby; and

WHEREAS, the connection fee district ordinance shall otherwise remain unchanged; and

WHEREAS, upon due notice to the sole property owner of all property within the District and hearing concerning the proposed amendment to the Highway 92 West Sewer Connection Fee District ordinance, the City Council finds that the general health and welfare of the citizens of the City of Indianola will be benefited by the proposed changes to the Code of Ordinances, and property owner who has previously paid connection fees within the District will be prejudiced.

BE IT ENACTED BY THE CITY COUNCIL OF THE CITY OF INDIANOLA, IOWA:

SECTION 1. SECTION MODIFIED. Subsection 3 of Section 100.12, Highway 92 West Sewer Benefited District, of the Code of Ordinances of the City of Indianola Iowa, is repealed and the following adopted in lieu thereof:

3. A connection charge is hereby established and imposed upon the owners of properties within the Highway 92 West Sewer Benefited District who shall hereafter make application to connect their properties to the sewer as follows:

A. Subdistrict No. 1. The connection charge for the Highway 92 West Sewer Benefited Subdistrict No. 1 shall be \$2,019.79 for each acre of property, or prorated for a fraction thereof, for which application is hereafter made for connection to the trunk sewer.

B. Subdistrict No. 2. The connection charge for the Highway 92 West Sewer Benefited Subdistrict No. 2 shall be \$2,421.29 for each acre of property, or prorated for a fraction thereof, for which application is hereafter made for connection to the trunk sewer.

SECTION 2. REPEALER. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

SECTION 3. SEVERABILITY CLAUSE. If any section provision or part of this ordinance shall be adjudged invalid or unconstitutional such adjudication shall not affect the validity of the ordinance as a whole or any section, provision or part thereof not adjudged invalid or unconstitutional.

SECTION 4. WHEN EFFECTIVE. This ordinance shall be in effect from and after its final passage, approval, and publication as provided by law.

CC: Ryan Waller, City Manager
Date: July 10, 2020
Re: Resolution accepting the sign exemption request from Jim Oskam of Oskam Signs, on behalf of Grace Church, located at 108 North Jefferson Way

At its meeting on June 6th, the City Council set a public hearing for a sign exemption request from Jim Oskam of Oskam Signs, on behalf of Grace Church, located at 108 North Jefferson Way. This proposed ground sign will replace an existing ground sign. Section 165.26 of the Code of Ordinances of Indianola, Iowa, requires that the setback line of any ground sign shall be in accordance with the Zoning Ordinance. The property at 108 North Jefferson Way is located in the C-2, Highway Commercial Zoning District which requires a front setback of 20 feet. Grace Church proposes to have its sign setback 10 feet.

No such exemption shall be granted by the Council without a public hearing. The proposed application is attached to this agenda item. I will attend the June 20th Council meeting if you have any questions.

I am submitting this application for an exemption to sign code set back
A ground sign between 2' and 10' shall be set back 20' from property line.
The property concerned 108 N Jefferson Way Grace Church.
Asking for a set back from property line to a distance of 10'
which would be similar to your own signage across the street from said property.
I will attach plot plan, sign permit application, & elevation of sign
The sign is flagged at south west island of property.

Respectfully,

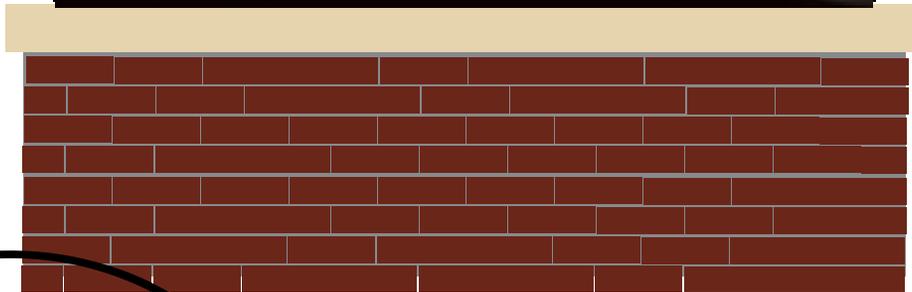

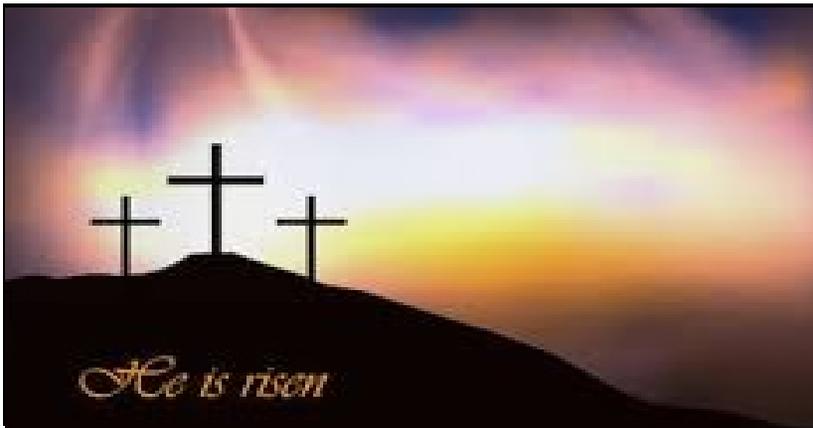

Jim Oskam

RESOLUTION NO. 2020-

**RESOLUTION ACCEPTING THE SIGN EXEMPTION REQUEST FROM
JIM OSKAM OF OSKAM SIGNS, ON BEHALF OF GRACE CHURCH,
LOCATED AT 108 NORTH JEFFERSON WAY**

WHEREAS, Jim Oskam of Oskam Signs, on behalf of Grace Church, proposes to place a new ground sign located at 108 North Jefferson Way; and

WHEREAS, Section 165.26 of the Code of Ordinances of Indianola, Iowa, requires that the setback line of any ground sign shall be in accordance with the Zoning Ordinance; and

WHEREAS, the property at 108 North Jefferson Way is located in the C-2, Highway Commercial Zoning District which requires a front setback of 20 feet; and

WHEREAS, the proposed sign would be setback 10 feet; and

WHEREAS, the Municipal Code of the City of Indianola, Iowa, provides that the City Council may grant a specific exemption for a sign, provided the Council shall find the existence of a special and unusual, individual circumstance; and

WHEREAS, a public hearing was held prior to consideration of said exemption.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Indianola, Iowa, that the City approves the sign exemption request from Jim Oskam of Oskam Signs, on behalf of Grace Church, located at 108 North Jefferson Way.

Discussion and approval of the proposed City-wide Clean-up week.

Information

The City-wide clean-up originally scheduled for the week of April 27, 2020 was canceled by Waste Management, due to COVID-19 concerns. Waste Management has reached out to staff to reschedule the clean-up. After reviewing available dates from Waste Management, staff is recommending the week of August 30, 2020 for the City-wide clean-up.

Cleanup guidelines include:

- The hauler will pick up refuse the same day as your recycling materials.
- All items need to be on the curb at 7:00 a.m.
- Only large items not hauled through weekly service will be picked up.
- No construction materials or railroad ties.
- Items that are bulky and difficult to handle, such as swing sets, must be cut up or dismantled into smaller pieces no longer than four feet.

Please note, the free appliance drop-off that is typically held at the Brush Facility during spring clean-up week has not been rescheduled by H&W Recycling.

Good afternoon, all.

I hope this finds you well. Below and attached, please find this week's update email. This is being sent a day early as non-public safety offices are closed tomorrow in observance of Independence Day (more information is found below). As always, if there are any questions on the topics covered below or any other related City topic, please let me know.

I hope you and your loved ones have a safe and enjoyable 4th of July celebration!

All the best,

Ryan

Independence Day Hours – Please note all non-emergency offices, including Library and Brush Facility, will be closed Friday, July 3rd through Sunday, July 5th in observation of Independence Day. Normal operational schedules resume on Monday, July 6th.

Re-Open Plan Matrix – The City Team continues to monitor and prepare appropriate plans in responses to the COVID-19 pandemic. A copy of the City's updated re-open plan may be found [here](#). As a reminder, this is a fluid document meant to guide the decision-making process, as well as communicate out the updated status of impacted programs, services and facilities (**Green** = current status, in effect or open; **Red** = closed, not in effect, postponed). All are asked to remain vigilant in social distancing, washing of hands, sanitizing efforts and monitoring of your health.

July 6th City Council Meeting - The City Council will meet on Monday, July 6th for its regular meeting. The agenda and meeting materials are available on the City's website at <https://www.indianolaiowa.gov/AgendaCenter>. The meeting will be aired live via the City's YouTube channel (accessed here: [City's YouTube Channel](#)) and a Zoom Webinar.

Traffic Signal Timing & Iowa Avenue Project Update - The contractor (Sternquist Construction) continued pavement reconstruction activity, which involved removing sandy soil and replacing it with good quality dirt from various locations of this project. This is important as it will provide better support thereby helping extend the life of the new concrete surface. As noted previously, the work to remove the sandy soil requires a change order, in the amount of \$3,296, which will be presented for City Council consideration at its July 6th meeting. Once subgrade preparation is completed, paving will commence. This is expected to begin within a week or two. The current contract for this project has a late completion date of July 17, 2020.

Pavement & Intake Repairs - Streets Division staff completed repairs on a failed pavement section and a failed intake near the dead-end on Trail Ridge Road. This work required 45 hours of labor and 14 cubic yards of concrete to repair a pavement area of 550 square feet. Crews also completed repairs on a failed intake at the intersection of Lundahl Court and Orchard Avenue. This work required a total of 42 hours of labor and 10 cubic yards of concrete to repair a pavement area of 350 square feet.

Grow Solar - Earlier this year, the City Council approved participation in a collaborative program that is designed to make it easier from community members to pursue high-quality renewable energy solar installations. Over the next few months, the program will provide free, one-hour long educational sessions for members of the public. Given the COVID-19 pandemic, these “Solar Power Hours” are scheduled virtually and will provide prospective participants with information about how solar energy works. MREA representatives will also be on hand to answer questions. The program’s website, www.WarrenCounty.GrowSolar.org, features a sign-up form on which area residents and business owners can elect to receive an estimate or general program updates and Solar Power Hour announcements. A copy of the press release may be found [here](#).

Census – Indianola’s response rate to the 2020 U.S. Census (70.7%) continues to outpace that of the State of Iowa (67.9%) and the Nation (61.9%). Thank you all who have submitted their responses to date. If you have not yet submitted your response, please help us reach 100% and ensure our community doesn’t lose out on critical funding for roads, schools and other vital services.

Warren County Justice Center (WCJC) Weekly Update – DCI reports that next week work will include foundation, masonry, underground electrical, and underground plumbing. DCI also reports they will discontinue providing weekly updates, but will revisit if the need arises.

Upcoming City Council Agenda – Attached, please find the anticipated agendas for the July 20th and August 3rd upcoming meetings. As a reminder, these are fluid documents that can change

on a regular basis (i.e. some items may get added/rescheduled due to Council direction, as well as other factors that may or may not be within the control of the City departments).

Ryan is out for a couple days off, so I am filling in.

Here is a review of this week's main happening. Let us know if there are questions on anything. Otherwise, have a great weekend!

HR Director Position – This week, we said good-bye to our Director of Human Resources, Melissa McCoy, who left the City to take a health services HR position in Clive. Through her hard work right up to her last day, she arranged for candidates to apply and set up interviews next week for us with three very promising candidates.

Traffic Signal Timing & Iowa Avenue Project Update - The construction contractor, Sternquist Construction, has continued pavement reconstruction activity. Rock subbase was placed and is ready to be trimmed to final grade in preparation for the paving of Iowa Avenue. Iowa Avenue will be paved in two parts (north and south halves) beginning Saturday, 7/11 as weather allows. Driveways will be paved back once the roadway is complete, followed by backfill and seeding. The current contract for this project with Sternquist Construction is for a total amount of \$264,701.85 with a late completion date of July 17, 2020. This project, which is partially funded by a grant, will improve the synchronization of the traffic signals on Jefferson Way (US highway 65/69) and 2nd Ave (IA 92) and will involve the reconstruction of Iowa Avenue from 1st Street to Jefferson Way.

Pavement and Intake Repairs - Streets division staff helped the Water Department with patching a pavement utility cut at the intersection of 12th Street & Franklin Avenue, by using a total of 106 hours of labor and 43 cubic yards of concrete to repair the pavement and sidewalk ramp area of 1,345 square feet.

Dust Control on K Street - Public Works Department has contracted with Jerico to apply dust control on K Street, between 2nd Avenue and 17th Avenue. The program consists of applying liquid calcium chloride to gravel roads typically to reduce dust created by vehicles. This will be the second application of dust control, on K Street, during this calendar year. The first application of dust control was completed during mid-May. The council approved capital improvement plan includes a strategy for new pavement on K Street. Until then the city has committed towards applying dust control, three times a year, on this gravel road.

IDOT Memo - Attached is an email from the Iowa Department of Transportation highlighting an act by the Iowa Legislature to take actions listed below that will add about \$8 million to the Road Use Tax Fund. It is uncertain how much this will increase the amount to individual cities, but the Iowa League of Cities is reviewing and working on an estimate.

- Ethanol blended at a rate of 10 percent (E10) is now taxed at the same rate as gasoline. E10 sales make up over 80 percent of all gasoline sold in Iowa.
- E15+ blends have a lower tax rate (24.0 cents per gallon) but E15+ makes up less than 5 percent of all gasoline sold in Iowa.
- B11+ is now charged 0.6 cpg more per gallon than prior to July 1, 2020 and that applies to over 50 percent of all diesel sold in Iowa.

Upcoming City Council Agenda - Attached, please find the anticipated agendas for the July 20th and August 3rd upcoming meetings. As a reminder, these are fluid documents that can change on a regular basis (i.e. some items may get added/rescheduled due to Council direction, as well as other factors that may or may not be within the control of the City departments).

Planning and Zoning Commission – The Planning and Zoning Commission will hold its monthly meeting next Tuesday, July 14. The agenda is attached, and includes a plat of survey, a final plat, site plan approval and two code amendments.

Community Development Reports – Attached are the following reports provided by the Community Development Department:

- **Current Projects Update** – This week, the City Council approved various items at its Monday meeting. A Certificate of Occupancy was issued for Ace Hardware, and the first round of site plan comments were returned for a new retail building located at 1508 North Jefferson Way.
- **2020 Building Permits** – This week, five building permit applications were submitted and three building permits were issued. There are currently four building permit applications in review and 104 building permits that have been issued year to date.
- **Code Enforcement** – This week, five code enforcement cases were opened, and one case was closed. There are currently 25 open code enforcement cases.

Subject: Legislative Update - Senate File 2403 - Excise Tax on Motor Fuel

TO: alent@indianolaiowa.gov
FROM: Nicole Moore, P.E.
SUBJECT: Legislative Update - Senate File 2403 - Excise Tax on Motor Fuel
DATE: July 7, 2020

This past legislative session, the Iowa Legislature passed [Senate File 2403](#). This bill relates to the Excise Taxes on Motor Fuel for certain special fuels.

The estimated net impact is an increase to the Road Use Tax Fund (RUTF) of over \$8 million per year. The rate changes have a positive impact to the RUTF but another big impact in the bill is the requirement that Department of Revenue use the more detailed retailers fuel reports to determine how much of all gas sold in Iowa is ethanol blended at 15 percent or higher (E15+) and how much of all diesel fuel sold in Iowa is biodiesel blended at 11 percent or higher (B11+).

The reasons why there is an increase in funding to RUTF include:

- Ethanol blended at a rate of 10 percent (E10) is now taxed at the same rate as gasoline. E10 sales make up over 80 percent of all gasoline sold in Iowa.
- E15+ blends have a lower tax rate (24.0 cents per gallon) but E15+ makes up less than 5 percent of all gasoline sold in Iowa.
- B11+ is now charged 0.6 cpg more per gallon than prior to July 1, 2020 and that applies to over 50 percent of all diesel sold in Iowa.

Tax rates prior to July 1, 2020:

Gasoline:

- Ethanol (all ethanol blends): 29.0 cents per gallon (cpg)
- Unblended gasoline: 30.5 cpg

Diesel:

- B11+: 29.5 cpg
- Unblended and biodiesel blends up to 10 percent: 32.5 cpg

New tax rates as of July 1, 2020:

Gasoline:

- E15 blends or greater: 24.0 cpg
- Unblended gasoline and E10: 30 cpg

Diesel:

- B11+: 30.1 cpg
- Unblended and biodiesel blends up to 10 percent: 32.5 cpg
