Veto of Resolution 2020-70

— Office of the Mayor —

April 7, 2020

To: Indianola City Council
From: Mayor Kelly B. Shaw
Re: Resolution No. 2020-70

Dear Council:

This letter is to inform you that I am vetoing the following resolution:

“A Resolution to approve the annual budget for FY2021.”

While I appreciate the efforts put into the making of this budget by city staff, I feel strongly that the budget should reflect the economic and public health crises that have evolved in recent weeks. Most recently, during the March 25, 2020 Council meeting, I asked Council to reconsider the budget in light of the COVID-19 pandemic and the dramatic impact it is having on the financial realities of our citizens and small businesses. Given that discussion, and the unanimous vote to approve the budget resolution by Council, I feel that raising awareness and encouraging Council to reconsider the approval of the FY 2021 is the next logical step.

At the time of the writing of this memo, it is predicted that the public health threat from the COVID-19 pandemic has not yet reached its peak. And while the loss of life is tragic, the long-term economic impact of COVID-19 is daunting. According to the International Monetary Fund (IMF), the world economy has entered into a recession surpassed only by the Great Depression. In the last two weeks in March, more than 10 million people in the U.S. applied for unemployment benefits. Across Iowa, and in Warren County, persons working in the service and manufacturing sectors have been hit hard. Certainly revenue is down in those shops ordered to close, and while federal stimulus plans have been passed, recovery – in whatever form it will take – will be a very long process.

While I appreciate the fact that the approved increase in the City’s tax levy will generally not impact property taxes for the 2021 fiscal year (July 1 2020 to June 30, 2021), property owners will see a substantial increase in their 2022 fiscal year due to rising property values recently assessed by Warren County. In addition, taxpayers will see their taxes for Warren County increase, and other expenses (natural gas franchise fees, waste water fees, recycling fees, etc.) associated with living in Indianola increase. It is fair to say that the financial impacts of COVID-19 will be long lasting and far-reaching, while the cost of living is simultaneously increasing.

To this end, I write to encourage the City Council to reassess budget priorities and consider funding alternatives that do not rely upon a levy increase for the upcoming fiscal year.

The General Fund balance is projected to end the budget year at 62%, per the recent budget presentations. That fund balance is well in excess of the 25% General Fund cash reserves stipulated in the Council's Policies and Procedures manual. Assuming staff's typical fiscal prudence, the 62% forecast is likely conservative. Given this, and other opportunities, I believe most, if not all, of the policy priorities identified by Council can be achieved in FY 2021 without a levy increase that would likely have a lasting and negative impact upon our citizens, their economic wellbeing, and future growth. I appreciate any reluctance to utilize reserves, but if not to assist our community in a time of need, for what use should they be used?

For these reasons, I strongly believe that Resolution No. 2020-70 fails to take into consideration the dire economic circumstances looming for citizens of Indianola. To this end, I hope that this veto enables the City Council to consider alternative methods to achieve their stated goals for FY 2021 without placing an undue burden on our residents.

Respectfully submitted,

Kelly B. Shaw
Mayor

Council's Response

April 9, 2020

Dear Indianola community members,

We take our responsibility as your elected representatives extremely seriously. When we recognize that misinformation is being disseminated and our commitment to serving the community we love is questioned, we have no choice but to speak out.

We are referring to the misleading information that first appeared in a letter from the Mayor vetoing the municipal budget. Unfortunately, like a virus, this deceptive and inaccurate information regarding the City's fiscal year 2020-2021 budget has begun to spread throughout our community. To set the record straight, here are the facts:

1. The City's PROJECTED ending fund balance for the General Fund (this is the portion of the budget funded mostly by property taxes) for the 2020-2021 budget is NOT at 62% of operational expenses. The PROJECTED fund balance, which is an estimate of how the budget will end 16 months from now, is anticipated at 44% of operational expenses.
2. Even before the City starts operating under the budget for 2020-2021 on July 1, we expect this projected ending balance to **decrease** due to expenses from COVID-19, higher than anticipated insurance renewals, and the continued trend of costly repairs to outdated facilities, none of which we can predict in the budgeting process.
3. The City's property tax rate in the 2020-2021 budget is \$13.63/\$1,000 of valuation. It is true this number is an increase from the prior year's rate; however, simply looking at the rate alone does not provide the full picture. Here are the other factors that need to be considered:
 - a. **Tax Bill** – Your tax bill helps fund the City, County, the Indianola School District and a few other smaller entities. The total tax rate for the City, County and School District for 2020-2021 will be \$38.49, compared to the current rate of \$38.46.
 - b. **Valuation** - In the last four years, our community added more than \$173 million in valuation and surpassed the \$1 billion valuation mark. This means that the cost of providing you services is spread out over a larger number.
 - c. **Rollback** – The State dictates to communities how much of the valuation can be taxed (aka Rollback) based on property type. The current rollback for single family homes is at 57%, but for the 2020-2021 budget, this will drop to 55%. For apartment complexes and other multi-family residences, this drops from 75% to 71%. While this reduces the amount of taxes owed by a property owner, it also reduces the amount of revenue cities, counties and school districts collect to provide vital services to our community.

- d. **Your Impact** – The following is a formula comparing the estimated property tax impact for a home valued at \$200,000, using the combined tax rate for the City, County and School District:

2019-2020 – Property Tax Rate

[(Property Value x 0.57 Rollback Percentage)/1,000] x Property Tax Rate = estimated property tax

Example: [(\$200,000 x 0.57)/\$1,000] x \$38.46 = \$4,384.44

2020-2021 – Property Tax Rate

[(Property Value x 0.55 Rollback Percentage)/1,000] x Property Tax Rate = estimated property tax

Example: [(\$200,000 x 0.55)/\$1,000] x \$38.49 = \$4,233.90

4. The 2020-2021 budget anticipates approximately \$400,000 more in revenue over last year's budget. This will be used to correct deficiencies in public safety staffing by adding two more police officers with necessary equipment, while also adding an additional full-time and part-time employee in the library. These actions are necessary to continue to provide you with reliable and appropriate services. We believe the enhanced public safety staffing is a critical priority for this budget especially during this current crisis.

We hope that this information is helpful to not only clear up the unfortunate misinformation, but also demonstrate the holistic view we take when fulfilling our sacred commitment to you.

If there are questions, or you would like to visit on this or other matters, please contact us via the information on the City's website.

REPLACEMENT PAYMENT PERCENTAGE

Beginning in FY 2017-2018, the amount of commercial & industrial replacement payments paid by the State of Iowa to local governments becomes limited by the total amount of payments made in FY 2016-2017. This limitation of total dollars available for repayment of commercial & industrial replacement claims may cause all payments to local governments to be pro-rated. The amount of proration necessary for the budget year will not be known until August, but the dropdown below will allow the estimated commercial & industrial replacement payments to be reduced by a selected proration percentage.

To reduce that estimated amount of commercial & industrial replacement payment budgeted for the coming fiscal year, complete an esitimation of the replacement payment above. Once complete, select a proration percentage from the list below. The proration percentage will limit the amount of estimated replacement payment budgeted. This will hopefully prevent an over estimation in the budget year revenues.
