It is the responsibility of the abutting property owners to repair, replace or reconstruct, or cause to be repaired, replaced or reconstructed, all broken or defective sidewalks and to maintain in a safe and hazard-free condition any sidewalk outside the lot and property lines and inside the curb lines or traveled portion of the public street. The abutting property owner may be liable for damages caused by failure to maintain the sidewalk.	I was walking my son's dog yesterday, and tripped over a water valve that was along the sidewalk in front of 1000 W Detroit Ave in Indianola. The valve is not painted blue or another color to stand out and blended very well with the sidewalk. As a result, I was injured and had to seek doctors attention as I am in pain and bleeding. I would like for these valves not to be on or near sidewalks as they are a tripping hazard. And they need to be painted a visible color so this doesn't happen in the future. I walk my son's dog and am in Indianola 3-4 times per week. The city should pay for my doctor bills and time/suffering. I normally don't complain but this is a safety issue and if I was hurt this bad, I would hate to see anyone older or younger do the same.	Nuisance
