## ABOUT THIS FUNDRAISER

The “Public Safety Chili Cookoff” features numerous local, county and central Iowa law enforcement and public safety agencies aimed to rally community support for Officer Jayson Spurr of the Norwalk Police Department and his battle with pancreatic cancer.

Set to be a delightful display of community spirit and culinary excellence, various teams from esteemed area departments and organizations will compete in a friendly chili-making competition. Attendees will have the pleasure of tasting a diverse array of chili recipes, with an opportunity to cast their votes through monetary donations in designated team bowls. The team that accumulates the highest donation total will be touted as the champion.

Additionally, the Indianola Police Department will be selling their respective uniform patches, as well as the Norwalk Police Department’s patch that recognizes Officer Spurr and his cancer bout. All proceeds generated from the patch sales, as well as the chili cookoff voting donations, will go directly to Officer Spurr and his family.

**Mark your calendars for January 27, and bring your appetites!**
