City's credit rating upgraded

On Aug. 10 the city of Indianola received official notice that, following a recent bond rating surveillance call with Moody's, its credit rating has been upgraded from Aa3 to Aa2. This is a result of positive actions taken related to the city's budget and financial performance over the last few years. As a result of this upgrade, if and when borrowing for infrastructure needs occurs, the upgrade means better interest rates which translates to additional savings to the city and its citizens.
